August 2019

# Motorway Services User Survey 2019

1. Background and approach

2. Usage patterns

3. Overall experience

4. Reasons for visiting

5. MSA usage

6. View on revisiting & spontaneous MSA comments

Appendix

# Background

Transport Focus represents the interest of users of England's motorways and major 'A' roads, known as the Strategic Road Network (SRN).

As part of its work, Transport Focus has been tracking how well Motorway Service Areas (MSAs) are meeting the needs of different SRN user groups. For the 3<sup>rd</sup> year of the project, Transport Focus engaged BVA BDRC to conduct the survey of user satisfaction with MSAs.

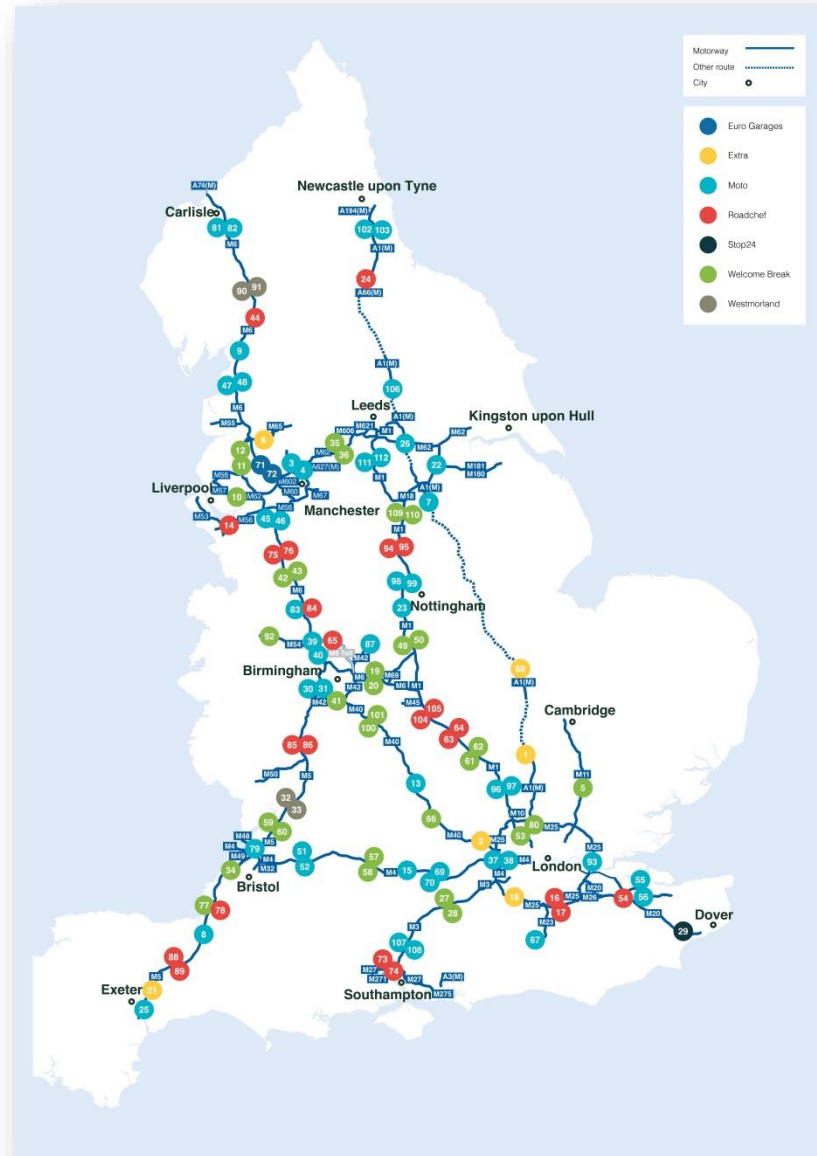

## Specific objectives for 2019 included:

Consistently and robustly measure user satisfaction across All MSAs

Understand the effect visiting an MSA has on visitor temperament

Identify the key drivers of satisfaction and intention to revisit

# Project approach/ methodology

Overall, interviews took place at 111 out of the 112 MSAs in England (Stop 24 not participating), achieving 11,609 responses across 6 different operators: Extra, Roadchef, Welcome Break, Moto, Westmorland and Euro Garages.

Tablet devices were used to interview visitors upon exit, to achieve in-the-moment recollections of their experience.

- **2019 fieldwork – 8th Feb to 17th April**
- **2018 fieldwork – 12th Feb to 12th April**
- **2017 fieldwork – 13th Feb to 9th April**

Six six-hour interview shifts were completed at each individual MSA in 2019; four weekday and two at weekends.

Individual MSAs are equally weighted within the data, meaning each site counts equally towards overall results.

# Usage patterns

Age (%)

# Visitors who are disabled [3]

## Toilets – all MSAs (%)

69% of disabled visitors used (2019)

## Spontaneous comments

“There were only 2 disabled toilets available and one was out of order”  
*Leisure, Roadchef*

“I couldn't find the disabled toilets at first until we were given a key after asking. Then we queued to use them as there are only two”  
*Leisure, Moto*

“The disabled facilities could be improved by having a disabled toilet with a ramp at both ends of the building. And the steps are ancient”  
*Leisure, Moto*

“There are not enough disabled toilets. Also, the baby changing needs to be separate from the disabled toilets. There was a long queue”  
*Leisure, Extra*

“There needs to be more care and consideration for disabled people, door access to the main building, radar keys for the toilets and better positioning of disabled parking spaces”  
*Commuter, Welcome Break*

Q.17 What would you like to tell those who run these Motorway Services? This could be something you liked or disliked, something that could be improved or something that you wanted but couldn't find.

Base: All MSAs (6,214)

# Comments about the MSAs

## Main building (except toilets)

## Expand 'food to eat in' range

## Toilets cleanliness/ order of fixtures/ maintenance

"When the doors are open in cold weather it can get cold inside. So both doors should not be open at the same time"

*Commuter, Extra*

"More seating is needed, but when it's busy they do keep it very pleasant. Also Starbucks is too expensive"

*Professional, Welcome Break*

"The balcony as you leave the room smells from the cooking like burnt food. Also the disabled parking should be closer to the door"

*Leisure, Moto*

"It's cold in here it makes me feel tired and not want to stay long. I would also like more healthy food options like bagels"

*Leisure, Welcome Break*

"It needs more variety in terms of food items. You don't always necessarily want McDonald's or a bar of chocolate"

*Business, Roadchef*

"Please provide a wider selection of food. More healthy options and less fast food"

*Professional, Moto*

"There should be a food outlet where you can buy healthy eating options with your coffee!"

*Business, Moto*

"The food choices could be improved for hungry travellers. And better value for money would bring more bums on seats"

*Business, Roadchef*

"We used the family room for nappies and it wasn't very clean, it was old and grotty"

*Leisure, Moto*

"The toilets could be given a refurbish. They are just old and tired. But the amount of retail outlets here is good."

*Leisure, Moto*

"The showers need better lighting and a cleaner floor. There is also a lack of coat hooks and it's rather expensive to park over night"

*Professional, Extra*

"The ladies toilets were fine but my husband says the men's toilets are filthy. Behind the taps, the cubicle doors and the floors all need a good clean. We stop here a lot and although the toilets have been refurbished the cleanliness has deteriorated"

*Leisure, Moto*

# Factors influencing overall satisfaction

## All MSA users

Food/drinks quality	6%	Impression of building inside	18%	Quality of the toilet area	7%

# Quality/ accreditation (ISO, etc)

**BVA BDRC is certified to ISO 20252 and 27001, the recognised international quality standards for market research and information security. The project has been carried out in accordance with these standards.**

- Adherence to the standard is independently audited once per year.
- Where subcontractors are used by BVA BDRC, they are assessed to ensure any outsourced parts of the research are conducted in adherence to ISO 20252 and 27001.

All work will be carried out in conformity to these standards, the MRS Code of Conduct, and all relevant legal requirements

Full methodological details relevant to the project, are available upon request.
