# Outline of methodology (1)

Passenger Focus undertook a bus passenger survey in 23 transport planning authorities in line with the methodology used in a 2009 survey of bus passengers' experiences. This is the report of findings for Tyne and Wear PTE area.

**GfK NOP Ltd were appointed by Passenger Focus to provide the market research agency services needed to carry out this survey programme.**

The Bus Passenger Survey methodology is designed to measure passengers' experiences of bus travel, and to be representative by bus passenger journeys made. Passenger opinion was collected via a self-completion questionnaire issued to passengers on board the bus. Passengers were asked mainly to rate the journey they had just experienced, but also provide their views of bus use in general. Completed questionnaires were sent back to GfK NOP by post. The sampling process used is summarised below: (further detail on methodology is available in a separate document)

A database of local bus services for each transport planning authority was sourced from ITO World, who collect and make available the bus journey data shown by Traveline. Every timetabled journey for each bus route was listed and initially given an equal value. That value was then adjusted to account for passenger turnover on longer routes based on timetabled journey time.

A sample of services was then selected using systematic sampling using a random start point. Each selected timetable bus service was used to form the start time for a field work shift of 3 hours. Field workers made as many return trips feasible on that bus route offering questionnaires to all passengers who boarded. The only notable exclusion we chose to apply were any school bus services.

Weighting was applied to offset the affect of differential response rates by age and gender.

# Outline of methodology (2)

The survey was undertaken in the following areas during September – November 2011:

## **PTE authorities**

Greater Manchester  
West Midlands  
Merseytravel

\*\* Comprised of Redcar & Cleveland, Middlesbrough, Stockton on Tees, Hartlepool, Darlington UAs

Throughout the report, behavioural results are based on all survey respondents, and passengers' opinion ratings are based on those respondents that gave an opinion. All results are based on weighted values. In the report the numbers in brackets shown after the question/category text are the actual numbers of passenger responses generating the answer value shown.

# What your passengers said could be improved

## **Punctuality of the bus – 16%**

This particular bus is always late.

Sometimes it does not turn up at all. Just turning up on time would improve the service.

78 very late all week. Made me late for every day.

Bus on time, as I missed my Pilates class.

For bus to turn up on time or a bit more often, as I have been working on my feet all day since 8:00 that morning - every day.

Buses keeping to the times, they should be on time, instead of running late.

Bus arriving on time, because the bus was late. This had an impact on the time spent with relative, due to restricted visiting times.

## **Improved driver attitude – 15%**

More pleasant driver. Quite rude/abrupt, particularly with foreign passengers getting on, who were unsure of fare tariff.

Some bus drivers do not speak, I mean "thank you" when you get off, some just ignore you. I always thank them. After all, it is us that keeps them in a job.

The driver did not point out the fact we could have bought a return ticket. When confronted about this at our destination, he was abusive and said "it was up to us to ask".

The driver never gave me enough time to sit down and put the brake on the pram before he pulled away. When getting on and off, never lowered the door way.

## **More frequent buses– 7%**

Need earlier buses for mornings. Some people start work at 5:00 a.m.

More frequent service.

A half an hour service.

Buses at earlier starting times for the first run in the morning.

Buses to be more regular on a Saturday.
