Outline of methodology (1)

Passenger Focus undertook a bus passenger survey in 23 transport planning authorities in line with the methodology used in a 2009 survey of bus passengers' experiences. This is the report of findings for the Merseyside PTE area.

GfK NOP Ltd were appointed by Passenger Focus to provide the market research agency services needed to carry out this survey programme.

The Bus Passenger Survey methodology is designed to measure passengers' experiences of bus travel, and to be representative by bus passenger journeys made. Passenger opinion was collected via a self-completion questionnaire issued to passengers on board the bus. Passengers were asked mainly to rate the journey they had just experienced, but also provide their views of bus use in general. Completed questionnaires were sent back to GfK NOP by post. The sampling process used is summarised below: (further detail on methodology is available in a separate document)

A database of local bus services for each transport planning authority was sourced from ITO World, who collect and make available the bus journey data shown by Traveline. Every timetabled journey for each bus route was listed and initially given an equal value. That value was then adjusted to account for passenger turnover on longer routes based on timetabled journey time.

A sample of services was then selected using systematic sampling using a random start point. Each selected timetable bus service was used to form the start time for a field work shift of 3 hours. Field workers made as many return trips feasible on that bus route offering questionnaires to all passengers who boarded. The only notable exclusion we chose to apply were any school bus services.

Weighting was applied to offset the affect of differential response rates by age and gender.

Outline of methodology (2)

The survey was undertaken in the following areas during September – November 2011:

PTE authorities

Greater Manchester
West Midlands
Merseytravel
South Yorkshire
West Yorkshire
Tyne and Wear/Nexus

Unitary authorities (UA)

Nottingham
West England Partnership*
Leicester
Stoke-in-Trent
Tees Valley Group
Kingston Upon Hull
Durham
Bournemouth and Poole combined

County authorities (CA)

Staffordshire
Norfolk
Surrey
Northamptonshire
Dorset
Hertfordshire

* Bath and North East Somerset, Bristol City Council, North Somerset, South Gloucestershire

** Comprised of Redcar & Cleveland, Middlesbrough, Stockton on Tees, Hartlepool, Darlington UAs

Throughout the report, behavioural results are based on all survey respondents, and passengers' opinion ratings are based on those respondents that gave an opinion. All results are based on weighted values. In the report the numbers in brackets shown after the question/category text are the actual numbers of passenger responses generating the answer value shown.

What your passengers said could be improved

Punctuality of the bus— 19%

The wait at the bus stop. I am very dissatisfied with the punctuality of these buses, as they are late on a regular basis.

I am not satisfied with number 68. On last Friday I waited 45 minutes and number 68 did not turn up between 14.30 and 15.15. This bus is always being missed out. I rely on all buses as I am a carer and am on buses six times a day, five days a week.

I think that the bus punctuality is a major issue with all the bus companies. In fact, I would not have a problem with anything as long as the bus was on time. Take for instance, the '61' route I get every day, is never, ever on time. Even on a Sunday, when there is only one bus an hour - it is still late.

Buses need to be on time and turn up, as you make us late for work, and wages can be deducted if you get paid by the hour.

More frequent buses – 13%

Bus every 15 minutes and not every 30 minutes.

This service has recently been reduced to every 20 minutes from every 15 minutes in frequency. This means that evening peak-time services (4.30 to 6.30) are often over-crowded with many people having to stand. Need to be more frequent.

Where I live there is only one bus after 8.00 p.m. I live on the Woodchurch, the only bus I can get is the 80. We should have some more.

Buses every 20 minutes until 8:00 p.m. because of staff from Whiston hospital and others. So more buses please. Bus is full in the morning because of school children.

Better seating – 7%

Seating could be made more comfortable. No leg room.

Additional seating with more legroom. (I am six feet tall and my legs do not fit, so I have to sit with my legs at an angle against the hard backing of the seat in front of me.) This is my number one complaint generally. If I have to sit next to another passenger, it becomes troublesome. Now add shopping bags or a buggy or such. Fix it!

I find the seat can be a bit cramped.
