Outline of methodology (1)

Passenger Focus undertook a bus passenger survey in 23 transport planning authorities in line with the methodology used in a 2009 survey of bus passengers' experiences. This is the report of findings for the South Yorkshire PTE area.

GfK NOP Ltd were appointed by Passenger Focus to provide the market research agency services needed to carry out this survey programme.

The Bus Passenger Survey methodology is designed to measure passengers' experiences of bus travel, and to be representative by bus passenger journeys made. Passenger opinion was collected via a self-completion questionnaire issued to passengers on board the bus. Passengers were asked mainly to rate the journey they had just experienced, but also provide their views of bus use in general. Completed questionnaires were sent back to GfK NOP by post. The sampling process used is summarised below: (further detail on methodology is available in a separate document)

A database of local bus services for each transport planning authority was sourced from ITO World, who collect and make available the bus journey data shown by Traveline. Every timetabled journey for each bus route was listed and initially given an equal value. That value was then adjusted to account for passenger turnover on longer routes based on timetabled journey time.

A sample of services was then selected using systematic sampling using a random start point. Each selected timetable bus service was used to form the start time for a field work shift of 3 hours. Field workers made as many return trips feasible on that bus route offering questionnaires to all passengers who boarded. The only notable exclusion we chose to apply were any school bus services.

Weighting was applied to offset the affect of differential response rates by age and gender.

Outline of methodology (2)

The survey was undertaken in the following areas during September – November 2011:

PTE authorities

Greater Manchester
West Midlands
Merseytravel
South Yorkshire
West Yorkshire
Tyne and Wear/Nexus

Unitary authorities (UA)

Nottingham
West England Partnership*
Leicester
Stoke-in-Trent
Tees Valley Group
Kingston Upon Hull
Durham
Bournemouth and Poole combined

County authorities (CA)

Lancashire
East Sussex
Essex
Staffordshire
Norfolk
Surrey
Northamptonshire
Dorset
Hertfordshire

* Bath and North East Somerset, Bristol City Council, North Somerset, South Gloucestershire

** Comprised of Redcar & Cleveland, Middlesbrough, Stockton on Tees, Hartlepool, Darlington UAs

Throughout the report, behavioural results are based on all survey respondents, and passengers' opinion ratings are based on those respondents that gave an opinion. All results are based on weighted values. In the report the numbers in brackets shown after the question/category text are the actual numbers of passenger responses generating the answer value shown.

What your passengers said could be improved

Punctuality of the bus – 25%

Punctuality, punctuality, punctuality. This bus ran late (very common on this route), so we missed a connection making us very late when we finally reached our destination.

Punctuality not only today, but every day.

The bus turning up at the time on the timetable.

The bus arriving on or near the stated time. '97' and '98' buses are frequently late or missing.

The bus could have come on time and not an hour and a half late.

It would be very nice if all the buses turned up on time!

Just for the bus to come on time as I catch this every morning for work, and just at this time in a morning. Bus is never on time.

More frequent buses – 9%

A bus every 30 minutes, instead of every 60 minutes would have made the journey less stressful.

More buses, only one an hour.

More frequent buses. Only 2 an hour on this route. Evening/weekend service is terrible.

Service should be every 10 minutes. Frequently waited up to 40 minutes for a bus.

More frequent service, e.g. every half an hour in the mornings and evenings, so that it is easier to get to and from work.

Need more than one bus!

More buses on this route, especially in the morning to service school and colleges.

Improved drivers attitude – 8%

A more pleasant bus driver would help.

A friendly, helpful, cheerful driver always makes the day start better.

Driver more welcoming - saying "good morning".

Driver to have better manners.

The attitude of the driver. He had quite obviously had a 'bad day'.

I find the bus drivers moany and do not have very good manners.

Drivers to be polite and acknowledge people.

Attitude of the driver, no eye contact, please or thank you.

This driver never spoke, pointed to where he wanted you to place the money - rude and ignorant.
