Outline of methodology (1)

Passenger Focus undertook a bus passenger survey in 23 transport planning authorities in line with the methodology used in a 2009 survey of bus passengers' experiences. This is the report of findings for the Leicester City Council area.

GfK NOP Ltd were appointed by Passenger Focus to provide the market research agency services needed to carry out this survey programme.

The Bus Passenger Survey methodology is designed to measure passengers' experiences of bus travel, and to be representative by bus passenger journeys made. Passenger opinion was collected via a self-completion questionnaire issued to passengers on board the bus. Passengers were asked mainly to rate the journey they had just experienced, but also provide their views of bus use in general. Completed questionnaires were sent back to GfK NOP by post. The sampling process used is summarised below: (further detail on methodology is available in a separate document)

A database of local bus services for each transport planning authority was sourced from ITO World, who collect and make available the bus journey data shown by Traveline. Every timetabled journey for each bus route was listed and initially given an equal value. That value was then adjusted to account for passenger turnover on longer routes based on timetabled journey time.

A sample of services was then selected using systematic sampling using a random start point. Each selected timetable bus service was used to form the start time for a field work shift of 3 hours. Field workers made as many return trips feasible on that bus route offering questionnaires to all passengers who boarded. The only notable exclusion we chose to apply were any school bus services.

Weighting was applied to offset the affect of differential response rates by age and gender.

Outline of methodology (2)

The survey was undertaken in the following areas during September – November 2011:

PTE authorities

Greater Manchester
West Midlands
Merseytravel
South Yorkshire
West Yorkshire
Tyne and Wear/Nexus

Unitary authorities (UA)

Nottingham
West England Partnership*
Leicester
Stoke-in-Trent
Tees Valley Group
Kingston Upon Hull
Durham
Bournemouth and Poole combined

County authorities (CA)

Essex
Staffordshire
Norfolk
Surrey
Northamptonshire
Dorset
Hertfordshire

* Bath and North East Somerset, Bristol City Council, North Somerset, South Gloucestershire

** Comprised of Redcar & Cleveland, Middlesbrough, Stockton on Tees, Hartlepool, Darlington UAs

Throughout the report, behavioural results are based on all survey respondents, and passengers' opinion ratings are based on those respondents that gave an opinion. All results are based on weighted values. In the report the numbers in brackets shown after the question/category text are the actual numbers of passenger responses generating the answer value shown.

Overall Satisfaction

Overall satisfaction with bus journey by key passenger groups

Q33. Overall, taking everything into account from start to end of this bus journey, how satisfied were you with your bus journey today?

What your passengers said could be improved

Punctuality of the bus – 17%

I catch the 18:40 because you cannot be sure the 19:00 will arrive (it is often cut out) this means I get up town too early.

Bus coming on time or at least one or two minutes late - this bus route is nearly always late by over five to ten minutes at my stop.

The bus turning up on time. Have not stopped using bus in the morning because bus not turning up. It is easier to walk to work. Takes me three quarters of an hour to walk to work.

The journey today was good but sometimes the bus does not turn up on time. I am then late for work.

The arrival of the bus at the bus stop (instead of coming 10 minutes late try to come on time).

Improved drivers attitude – 16%

Better drivers, friendly and not driving so aggressively.

This survey is based on today's journey only. It is biased as the driver knew he was being monitored. I was very surprised when the driver even said 'good morning' and waited for me to be seated, as this is generally not the case. As the drivers are usually rude, do not stop and drive off. Some drivers even read the newspaper whilst driving.

Maybe give the driver a lesson in customer service instead of just grunting, a nice smile or hello would have been nice.

1. The appearance of the driver - had no communication skills. 2. His attitude. 3. The driver was miserable and appeared to not be approachable. A smile and greeting is all we wanted.

Cleaner buses – 11%

Cleaner bus - later in the day, 5 p.m. ish the bus seems full of people's litter.

Remove litter, especially free newspapers, less crowded.

The bus could have been cleaner. Both inside (litter etc.). The windows and especially the seats and grab rails. A deep clean would be extremely beneficial on all buses and on a more regular basis.

The seats being cleaned, so you do not get dirty on the bus, which is the same on every bus I travel on. My son thinks it is funny when I bang the seats and I see the dirt come flying into the air.
