

Rail Passenger Satisfaction at a glance: Great Britain - Autumn 2015

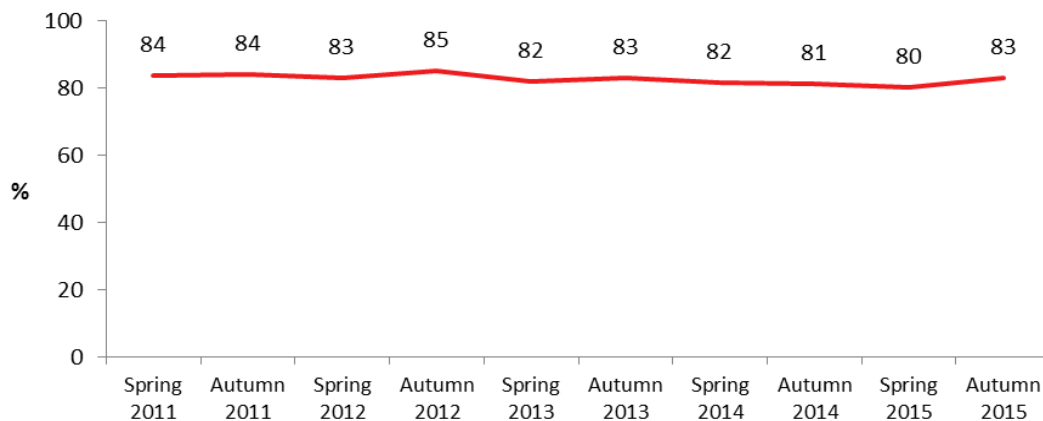

Transport Focus is the independent transport-user watchdog. Our mission is to get the best deal for transport users. In spring and autumn we carry out the National Rail Passenger Survey (NRPS), a network-wide picture of passengers' satisfaction with rail travel in Great Britain.

We ask passengers for their views of the specific journey they are making at the point they are surveyed, both in general and on a number of specific areas regarding the station, the train and the service received.

Nationally each survey covers around 30,000 passengers. This page shows the headlines. Page 2 shows satisfaction with individual aspects of the station and the train. Page 3 looks at some factors in a bit more depth. The last page shows which factors have the biggest effect on satisfaction and dissatisfaction.

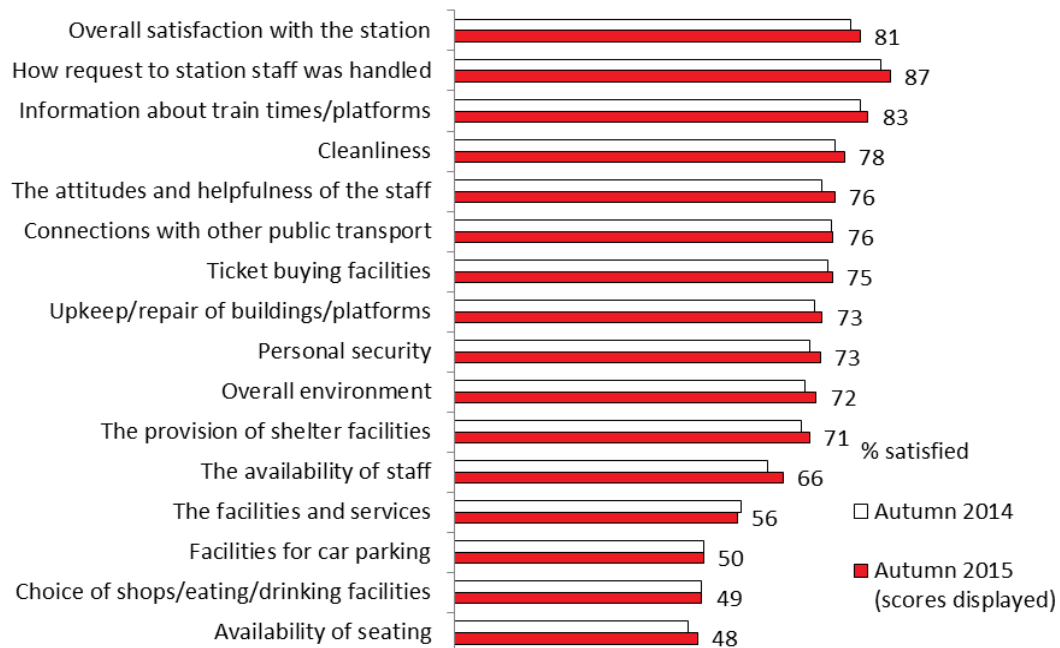

Overall satisfaction with the journey

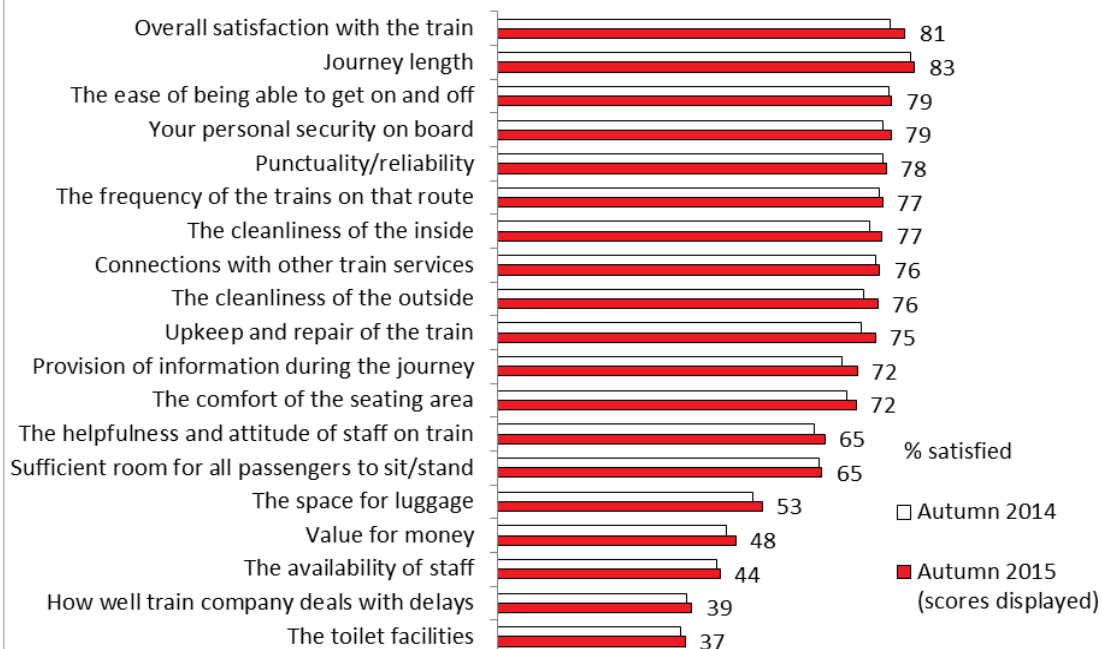

Overall satisfaction by journey purpose

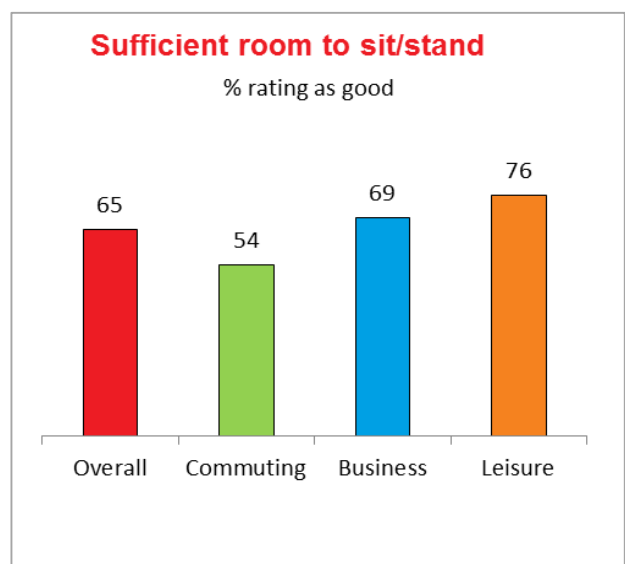

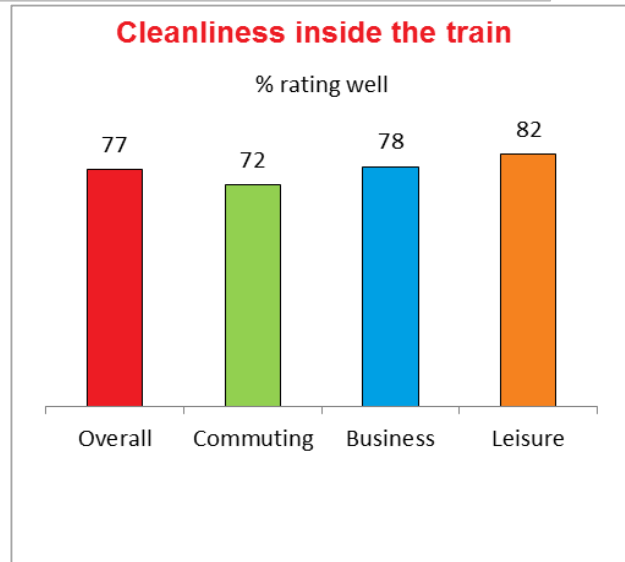

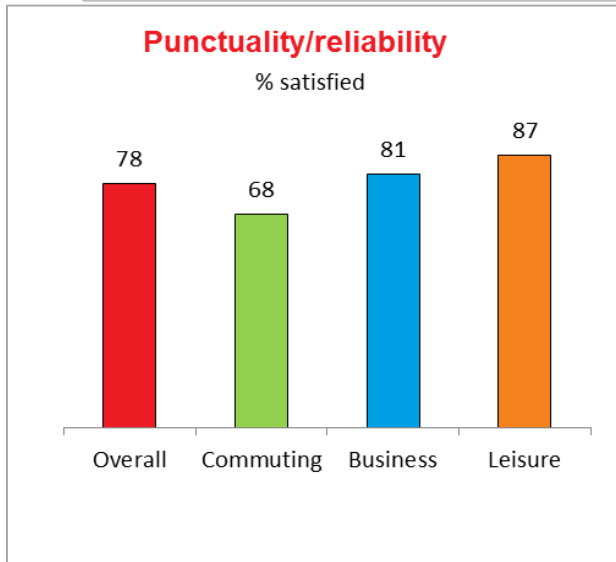

Satisfaction at the station where they boarded

Satisfaction on the train

Satisfaction - in a bit more depth (Autumn 2015)

What impacts on satisfaction and dissatisfaction?

Not all factors will have equal importance - some things will have a much bigger influence on whether a passenger is satisfied with the overall journey than others.

The charts below show which station and train factors are statistically most important in determining overall passenger satisfaction and dissatisfaction.

The analysis looks at which factors correlate most highly with overall journey satisfaction. For example, if those satisfied with punctuality are much more likely to be satisfied overall, then punctuality is likely to have a bigger impact on overall satisfaction. The higher the percentage figure below, the greater the influence on overall journey satisfaction.

These charts show that punctuality remains the biggest single influence on satisfaction, and that the way delays are handled by TOCs has a strong influence on dissatisfaction. If looked at over time, we would see the impact of punctuality has actually decreased, while cleanliness of the inside of the train has increased.

What has the biggest impact on overall satisfaction?

- Punctuality/reliability
- Cleanliness inside train
- Journey length
- Ease of getting on/off
- Frequency of trains on the route
- Others

What has the biggest impact on overall dissatisfaction?

- How train company dealt with delays
- Punctuality/reliability
- Journey length
- Sufficient room for all to sit/stand
- Others
