

# Rail Passenger Satisfaction at a glance: Chiltern Railways - Autumn 2013

Passenger Focus is the independent watchdog. Our mission is to get the best deal for passengers. In spring and autumn we carry out the National Rail Passenger Survey (NRPS), a network-wide picture of passengers' satisfaction with rail travel for Great Britain.

We ask passengers for their views of the specific journey they are making at the point they are surveyed, both in general and on a number of specific areas regarding the station, the train and the service received.

For Chiltern Railways this time we spoke to 1100 passengers. This page shows the headlines. Page 2 shows satisfaction with individual aspects of the station and the train. Page 3 looks at some factors in a bit more depth. The last page shows which factors have the biggest effect on satisfaction and dissatisfaction.

## Overall satisfaction with the total journey

## Overall satisfaction by journey purpose

## Overall satisfaction by route

## How routes are defined

**North:** journeys starting from Bicester North station and stations further north. Also includes Bicester Town to Oxford service.

**South:** journeys starting from stations south of Bicester North (including services on routes to/from Aylesbury)

## Satisfaction at the station where boarded

## Satisfaction on the train

## Satisfaction - in a bit more depth (Autumn 2013)

### Overall satisfaction - by route and journey type

#### Punctuality/reliability

% satisfied

#### How well train company deals with delays

% rating well

#### Value for money

% satisfied

#### Room to sit/stand

% rating as good

#### Overall station environment

% rating as good

#### Cleanliness inside the train

% rating as good

## What impacts on satisfaction and dissatisfaction?

Not all the factors shown above will have equal importance - some things will have a much bigger influence on whether a passenger is satisfied with the overall journey than others.

The charts below show which station and train factors are statistically most important in determining overall passenger satisfaction and dissatisfaction.

The analysis looks at which factors correlate most highly with overall journey satisfaction. For example, if those satisfied with punctuality are much more likely to be satisfied overall, then punctuality is likely to have a bigger impact on overall satisfaction - the higher the percentage figure below the greater the influence on overall journey satisfaction.

### What has the biggest impact on overall satisfaction?

- Punctuality/reliability
- Overall station environment
- Cleanliness inside the train
- Ease of being able to get on / off
- Comfort of the seating area
- Others

### What has the biggest impact on overall dissatisfaction?

- Punctuality/reliability
- How train company dealt with delays
- Journey length
- Others

This is just a quick look at passenger satisfaction.
