Jeff Halliwell

# Foreword

In autumn 2016 we captured the views of more than 37,000 passengers across 42 areas and operations in England outside of London. Also this year we carried out extensive work to understand the views of almost 10,000 bus passengers in Scotland for the second time.

**T**his time, the Bus Passenger Survey (BPS) takes place against the backdrop of growing awareness and concern about congestion in our towns and cities; the advent of new legislation in England: the Bus Services Act with the advent of new relationships between authorities and operators; and the development of Alliances in cities which use the BPS to pinpoint problems and drive improvements in passenger satisfaction.

So what are passengers telling us about their service? The highlights for the results in England outside of London are:

- Overall, 87 per cent of passengers were satisfied with their service - 86 per cent in 2015.
- 65 per cent of fare-paying passengers told us they were satisfied that their service provided value for money: a rise from 63 per cent in 2015.
- On the punctuality of their service, 73 per cent of passengers were satisfied – a fall from 75 per cent in 2015.
- 84 per cent of passengers were satisfied with the length of time their journey took: the same as in 2015.

The increase in value for money ratings is good news. This does not simply mean that “fares are coming down”. It reflects the work of several operators and authorities to introduce fare deals, especially for younger passengers, to encourage more journeys at an affordable price. For example, in some of our big cities we have seen the introduction of simple affordable flat fares for everybody aged 18 and under, students and apprentices. This and other fare deals may well have contributed towards the improved ratings for value for money in places such as Tyne and Wear, Merseyside and Milton Keynes.

The work done to simplify and incentivise bus trips for young people is surely an area of key growth for the bus industry. Transport Focus will carry out new research to understand what young people need and expect from bus travel including, for the first time, the 14-16 age group. The results will be published by summer 2017.

The overall results confirm the importance of providing a good, consistent ‘core product’ – a frequent, punctual and reliable service that provides value for money. But delving deeper into this year’s results show that, again, in several areas, it continues to be a challenge to deliver the core product consistently.

Though satisfaction levels remain high, increasing road congestion and the impact of roadworks, as some town centres undergo huge redevelopment, is hitting the day-to-day ability of the bus service to be reliable and punctual.

Passengers are telling us that half - 51 per cent - of their journeys are held up in some way with 27 per cent affected by congestion and 14 per cent by roadworks. Within these numbers lies a sobering statistic that in some of our major cities nearly one in three passengers told us that their trip was delayed by road congestion.

Fixing this for passengers is often complicated and needs the combined efforts of authorities, bus operators and other agencies to jointly tackle the planning and communication of works that impact on the reliability and punctuality of bus services.

Our detailed analysis of what delivers either a “good” or “fantastic” journey helps industry stakeholders focus on what really matters for passengers. We shouldn’t ignore the clear message from passengers that the role of the bus driver can often deliver that special trip!

It’s more important now than ever to listen to what passengers experience and use that to focus on delivering the ‘core product’ that will drive up satisfaction levels of existing passengers and encourage more journeys, by both existing users and the passengers of the future.

Transport Focus

# Bus Passenger Survey: making a difference for passengers

The BPS, now in its seventh year, has grown in size and coverage to make it even more useful to bus operators, transport authorities and governments. Since the first survey in 2009, we have accumulated the views and experiences of over 276,000 bus passengers across England, Scotland and Wales.

To reinforce its usefulness, the BPS is now funded by broadly equal contributions from Transport Focus, bus operators and transport authorities and partnerships. We again thank Transport Scotland, various transport authorities and partnerships and bus operators who support our BPS by contributing financially, to seek out how to improve services in their area and nation by understanding the experiences of their passengers.

Our work for passengers in the West Midlands and Liverpool City Region “Bus Alliances” are great examples of how to ensure that the voice of the passenger, amplified through local BPS results, are heard clearly by all agencies tasked with delivering better local bus services.

The impact of the new Buses Services Act in England will soon become clearer as the devolution agenda continues to emerge. It’s vital that the industry continues to “put the passenger in the partnership” or whatever locally devolved arrangements are agreed upon.

By taking BPS results out on the road to meet dozens of bus operators and authorities we get a real sense of how the data is helping drive improvements for passengers (as the tweet on the right from Martijn Gilbert, Chief Executive of Reading Buses, shows). These include new fare deals for passengers, enhanced customer service training for drivers, through to local and national bus company management teams being directly assessed against ongoing BPS results to focus their minds on the passenger experience!

# Results by authority in England

The Bus Passenger Survey was conducted in 21 authority areas. The results are set out by area in the order shown below.

We recommend reading the accompaniment *How the research was carried out and making use of results* on page 170.

## Former metropolitan county authority areas

- Greater Manchester (Transport for Greater Manchester/TfGM)
- Merseyside Passenger Transport Executive (Merseytravel)
- South Yorkshire Passenger Transport Executive (SYPTTE)
- Tyne and Wear Passenger Transport Executive (Nexus)
- West Midlands (Transport for West Midlands/TfWM)
- West Yorkshire Combined Authority (WY Metro)

## Transport authority area groups

- Tees Valley Group (comprising the five unitary authorities of Darlington, Hartlepool, Middlesbrough, Redcar and Cleveland, and Stockton on Tees)
- West of England Partnership (comprising the four unitary authorities of Bath and North East Somerset, Bristol City, North Somerset, and South Gloucestershire)

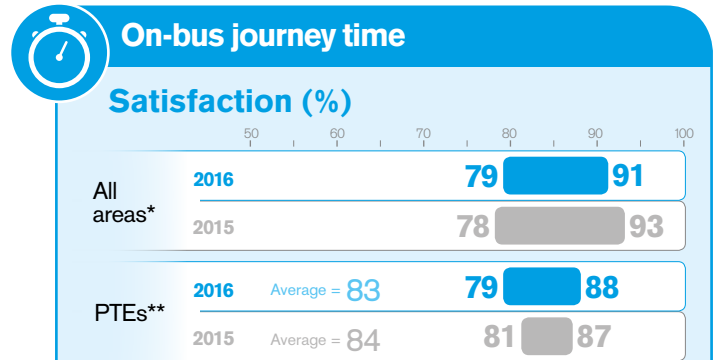

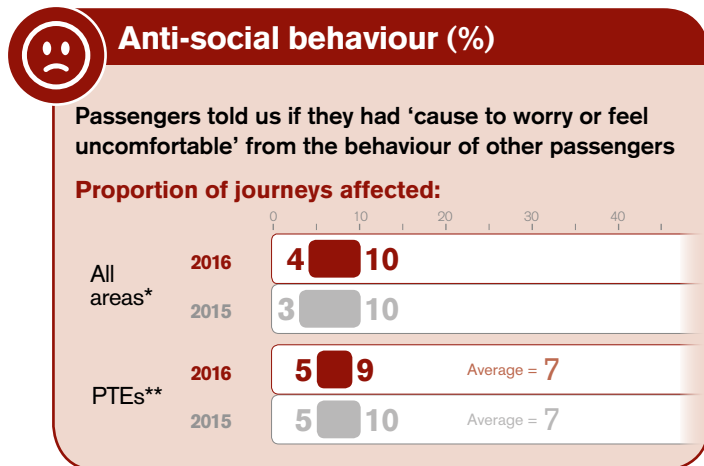

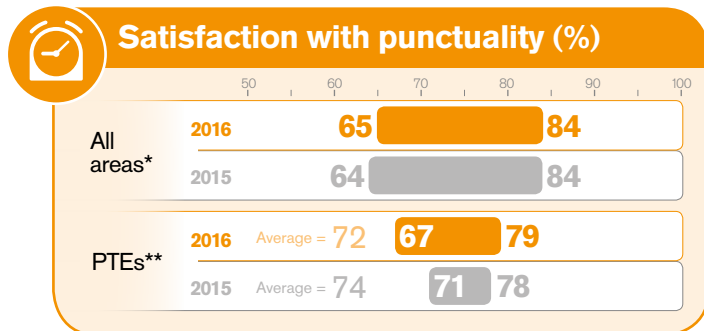

## Local transport authority areas

- Cheshire East Council
- Cornwall Council
- County Durham Council
- Essex County Council
- Herefordshire Council
- Leicester City Council
- Milton Keynes Council
- Norfolk County Council
- Northumberland County Council
- Nottingham City Council
- Nottinghamshire County Council
- Oxfordshire County Council
- City of York Council

# Key findings by authority areas\*

The charts below show the range of scores across authority areas.

#### Factors affecting journey time (%)

Passengers told us if their journey time was affected by any of six reasons (they could choose more than one)

#### Proportion of journeys affected:

#### Journeys were affected by:

##### Road conditions

##### Bus related

\*The authority areas covered in the autumn 2016 survey are not exactly the same as those covered in the autumn 2015 survey, although the majority are the same (including all six PTEs)

\*\*Passenger Transport Executive areas

## Overall satisfaction with the bus journey (%)

■ Very satisfied   
 ■ Fairly satisfied   
 ■ Neither/nor   
 ■ Fairly dissatisfied   
 ■ Very dissatisfied

**Q Overall, taking everything into account from start to end of the bus journey, how satisfied were you with your bus journey?**

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

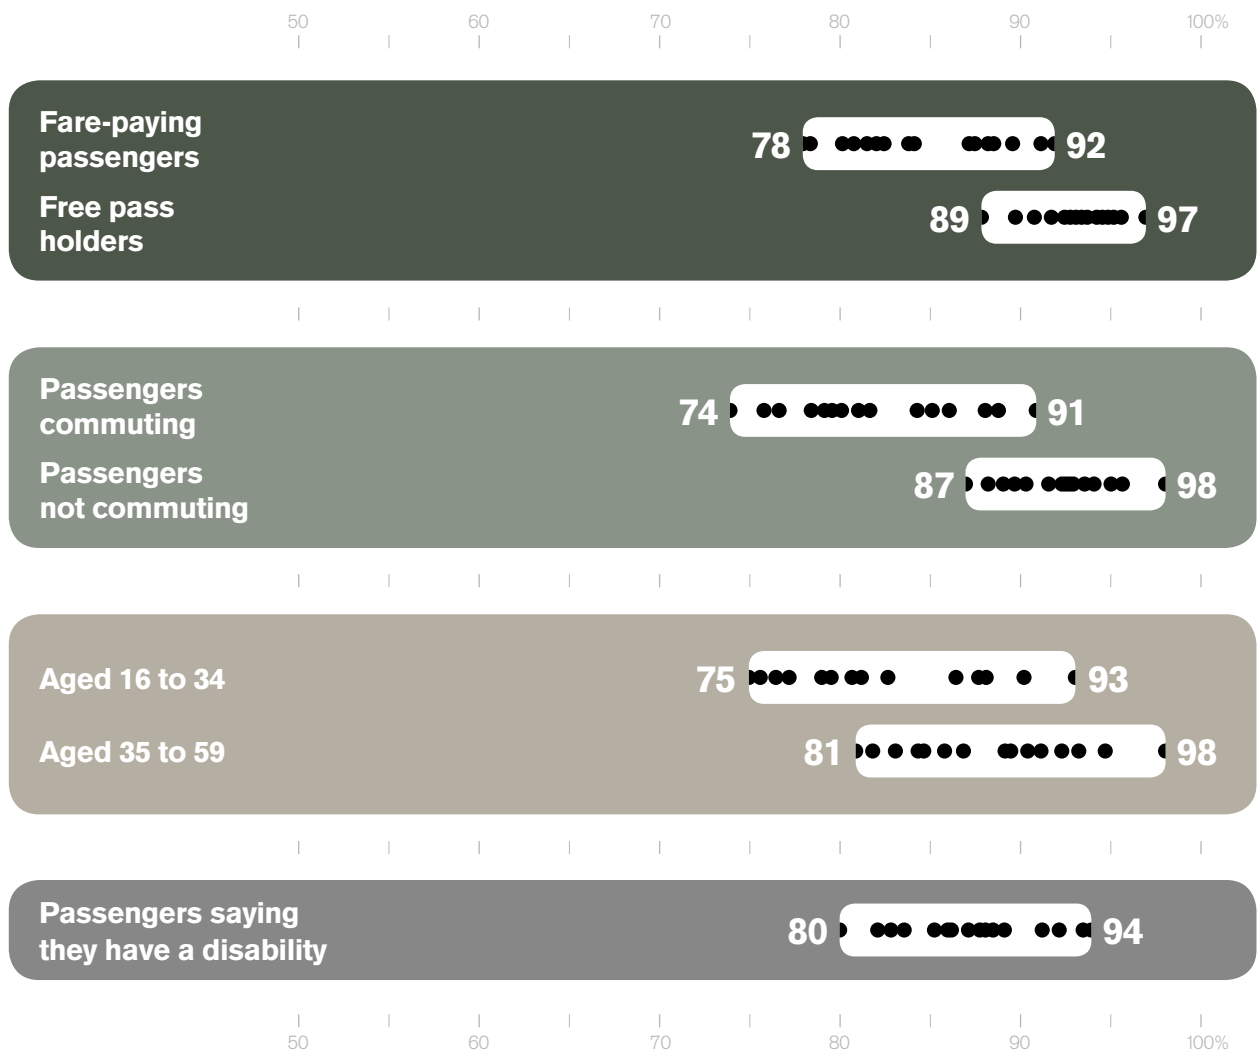

## Overall satisfaction amongst key passenger groups – how scores vary by area (%)

### Reading the chart

The chart below shows how different passenger groups rated their bus journey overall and how these scores varied by the 21 authority areas (listed on page 5). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that free pass holders tend to be more satisfied with their journey overall than fare-payers, as the white band is further to the right. However, there is wider variation in scores for fare-payers than there is for free pass holders.

**Q Overall, taking everything into account from start to end of the bus journey, how satisfied were you with your bus journey?**

## Satisfaction with value for money – fare-paying passengers (%)

■ Very satisfied   
 ■ Fairly satisfied   
 ■ Neither/nor   
 ■ Fairly dissatisfied   
 ■ Very dissatisfied

### Q How satisfied were you with the value for money of your journey?

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

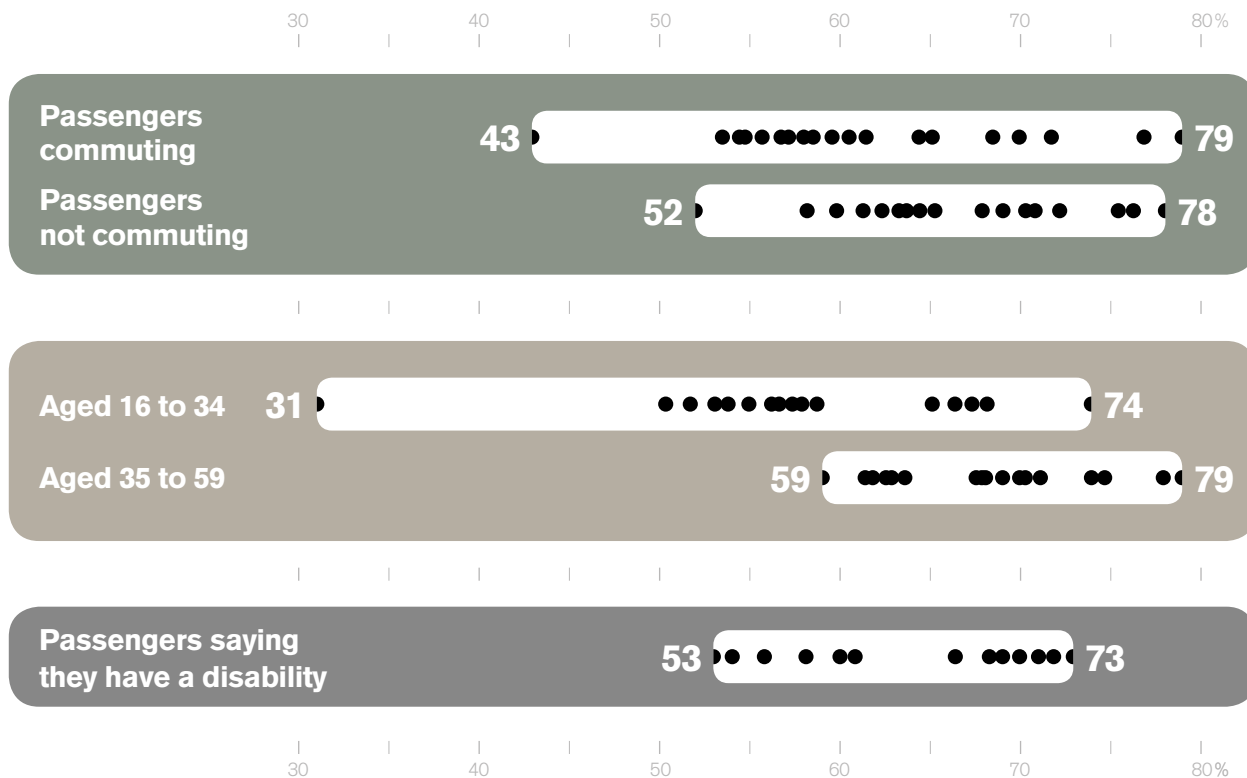

## Satisfaction with value for money amongst key passenger groups – how scores vary by area (%)

### Reading the chart

The chart below shows how different passenger groups rated the value for money of their journey and how these scores varied by the 21 authority areas (listed on page 5). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that passengers aged 35 to 59 tend to be more satisfied with value for money than those passengers aged 16 to 34, as the white band is further to the right. However, there is wider variation in scores for those aged 16 to 34 than there is for those aged 35 to 59.

**Q How satisfied were you with the value for money of your journey?**

## Satisfaction with punctuality of the bus (%)

### Q How satisfied were you with the punctuality of the bus?

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Satisfaction with punctuality amongst key passenger groups – how scores vary by area (%)

### Reading the chart

The chart below shows how different passenger groups rated the punctuality of the bus and how these scores varied by the 21 authority areas (listed on page 5). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

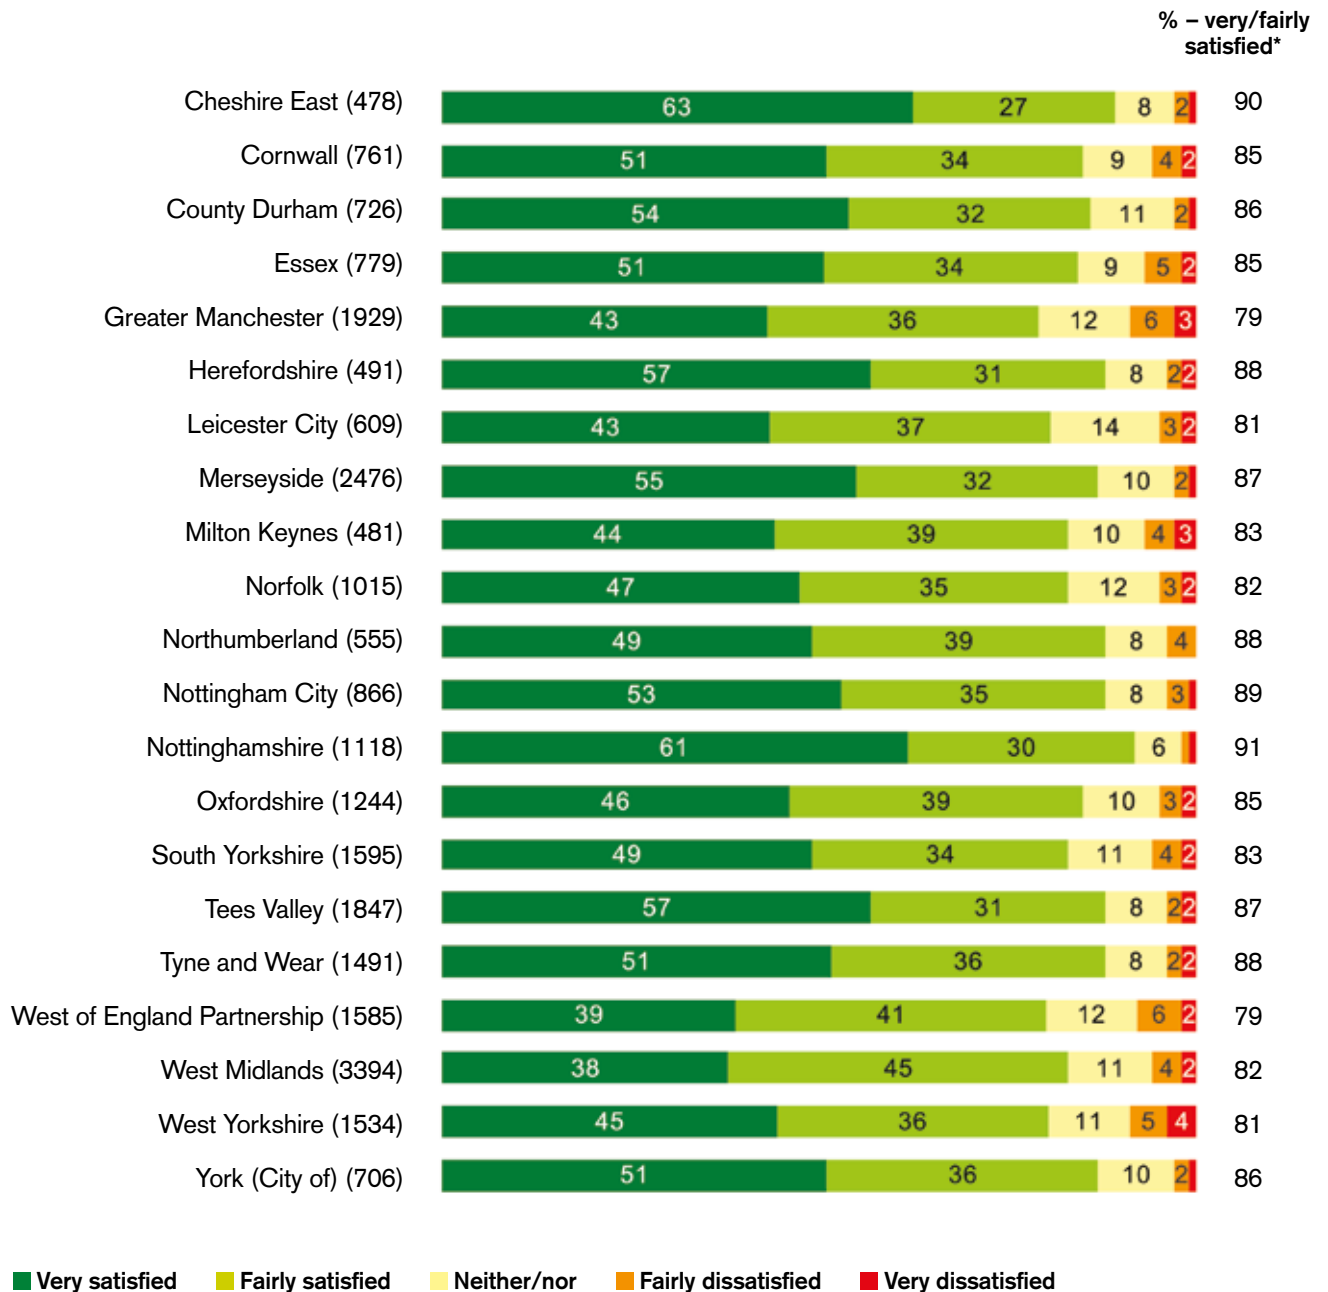

This shows, for example, that free pass holders tend to be more satisfied with punctuality than fare-payers, as the white band is further to the right. However, there is wider variation in scores for fare-payers than there is for free pass holders.

**Q** How satisfied were you with the punctuality of the bus?

## Satisfaction with on-bus journey time (%)

### Q How satisfied were you with the length of time your journey on the bus took?

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

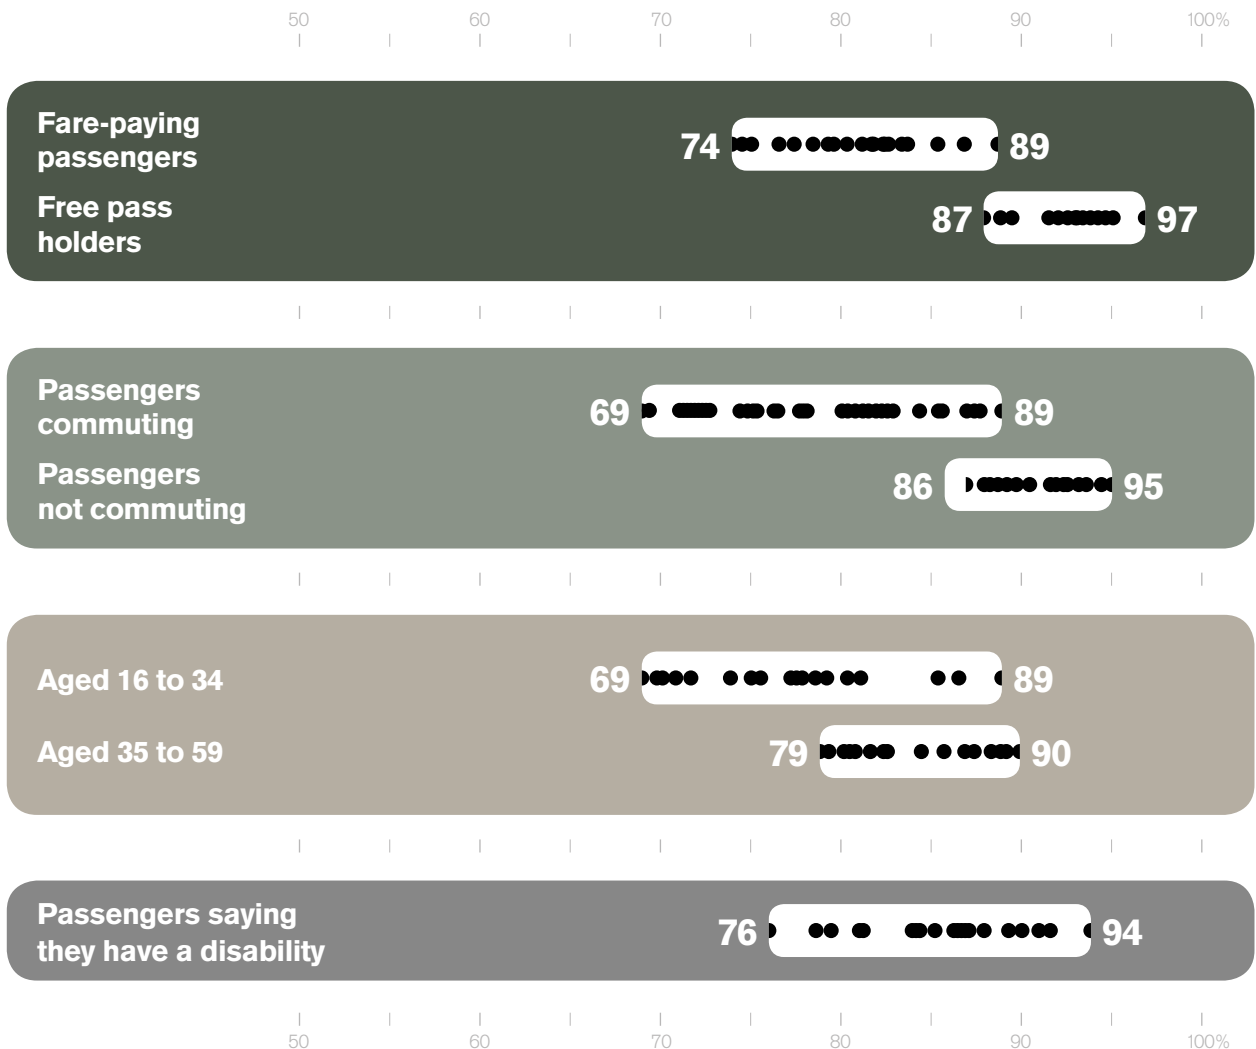

## Satisfaction with on-bus journey time amongst key passenger groups – how scores vary by area (%)

### Reading the chart

The chart below shows how different passenger groups rated the length of time their journey on the bus took and how these scores varied by the 21 authority areas (listed on page 5). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that non-commuting passengers tend to be more satisfied with the on-bus journey time than commuting passengers, as the white band is further to the right. However, there is wider variation in scores for commuters than there is for non-commuters.

**Q** How satisfied were you with the length of time your journey on the bus took?

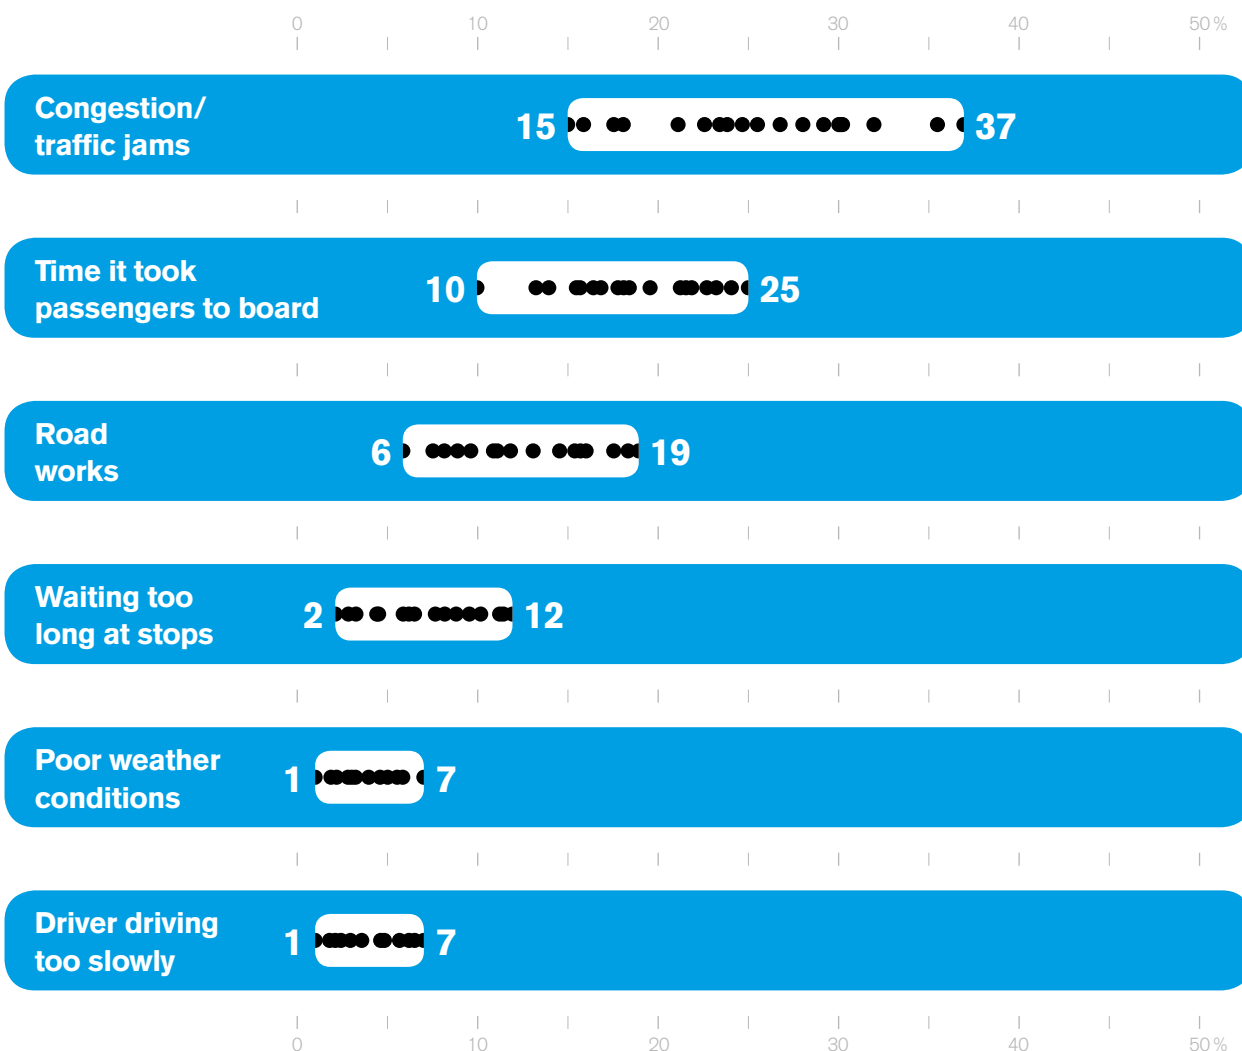

## Factors affecting journey length – how this varies by area (%)

### Reading the chart

The chart below shows the different factors affecting the length of time that passengers' journeys took and how these varied by the 21 authority areas (listed on page 5). The white band shows the range of scores (the percentage of journeys affected) for each factor and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that congestion/traffic jams tend to impact upon a higher percentage of journeys than roadworks, as the white band is further to the right. However, there is wider variation in scores for congestion/traffic jams than there is for roadworks.

### Q Was the length of your journey affected by any of the following?

Passengers could provide more than one answer

# Greater Manchester (TfGM)

# Results by operator in England\*

Here we show national bus operators' results, followed by the results for operators within local transport authority (LTA) areas and operator-specific areas, shown alphabetically.

We recommend reading *How the research was carried out and making use of results* on page 170. Below is the list of the results provided.

## National bus operators

These results include responses across all the areas covered, including operator-specific areas.

- Arriva Bus
- First UK Bus
- Go-Ahead
- National Express
- Stagecoach Bus

## Operators within LTAs and operator-specific areas

Note: in some LTAs, there are not sufficient responses for the national operators to show their results separately within this section, but these will still be included within the national bus operators figures above.

- Anglian Buses
- Arriva in Cheshire East Council
- Arriva in County Durham Council
- Arriva in Leicester City Council
- Arriva in Merseyside PTE
- Arriva in Milton Keynes Council
- Arriva in Northumberland County Council
- Arriva in Tees Valley Group
- Arriva in Tyne and Wear PTE
- Arriva in West Yorkshire Combined Authority
- Blackpool Transport
- Bluestar
- Brighton and Hove Bus
- Carousel Buses
- Cumfybus in Merseyside PTE
- First in Cornwall Council
- First in Essex County Council
- First in Greater Manchester
- First in Leicester City Council
- First in Norfolk County Council
- First Potteries
- First South Coast
- First in South Yorkshire PTE
- First in West of England Partnership
- First in West Yorkshire Combined Authority

- First in City of York Council
- Go North East in County Durham Council
- Go North East in Tyne and Wear PTE
- Hedingham and Chambers
- Konectbus
- Metrobus
- National Express in West Midlands
- Nottingham City Transport
- Oxford Bus in Oxfordshire County Council
- Oxford Bus Park and Ride
- Plymouth Citybus
- Reading Buses
- Rosso Buses
- Southern Vectis
- Stagecoach Cumbria and North Lancashire
- Stagecoach in Greater Manchester
- Stagecoach Lincolnshires
- Stagecoach in Merseyside PTE
- Stagecoach in Nottinghamshire County Council
- Stagecoach in Oxfordshire County Council
- Stagecoach South East
- Stagecoach South West
- Stagecoach in South Yorkshire PTE
- Stagecoach in Tees Valley Group
- Stagecoach in Tyne and Wear PTE
- Stagecoach West
- Trent Barton
- Wilts and Dorset Buses (morebus and Salisbury Reds)

\*As a result of the areas selected, the proportion of each national operator's services covered by the survey will vary

# Key findings by bus operators\*

## Overall satisfaction with the journey (%)

## National operators – averages

2016

- Arriva 88%
- First 84%
- Go-Ahead 90%
- National Express 84%
- Stagecoach 86%

2015

- Arriva 89%
- First 84%
- Go-Ahead 89%
- National Express 85%
- Stagecoach 86%

## Overall satisfaction with the bus journey (%)

\*As a result of the areas selected, the proportion of each major operator's services covered by the survey will vary

\*\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Overall satisfaction with the bus journey (%)

■ Very satisfied   
 ■ Fairly satisfied   
 ■ Neither/nor   
 ■ Fairly dissatisfied   
 ■ Very dissatisfied

**Q Overall, taking everything into account from start to end of the bus journey, how satisfied were you with your bus journey?**

## Value for money (%)

## National operators – averages

2016

- Arriva 66%
- First 60%
- Go-Ahead 63%
- National Express 62%
- Stagecoach 68%

2015

- Arriva 63%
- First 59%
- Go-Ahead 62%
- National Express 61%
- Stagecoach 67%

## Satisfaction with value for money – fare-paying passengers (%)

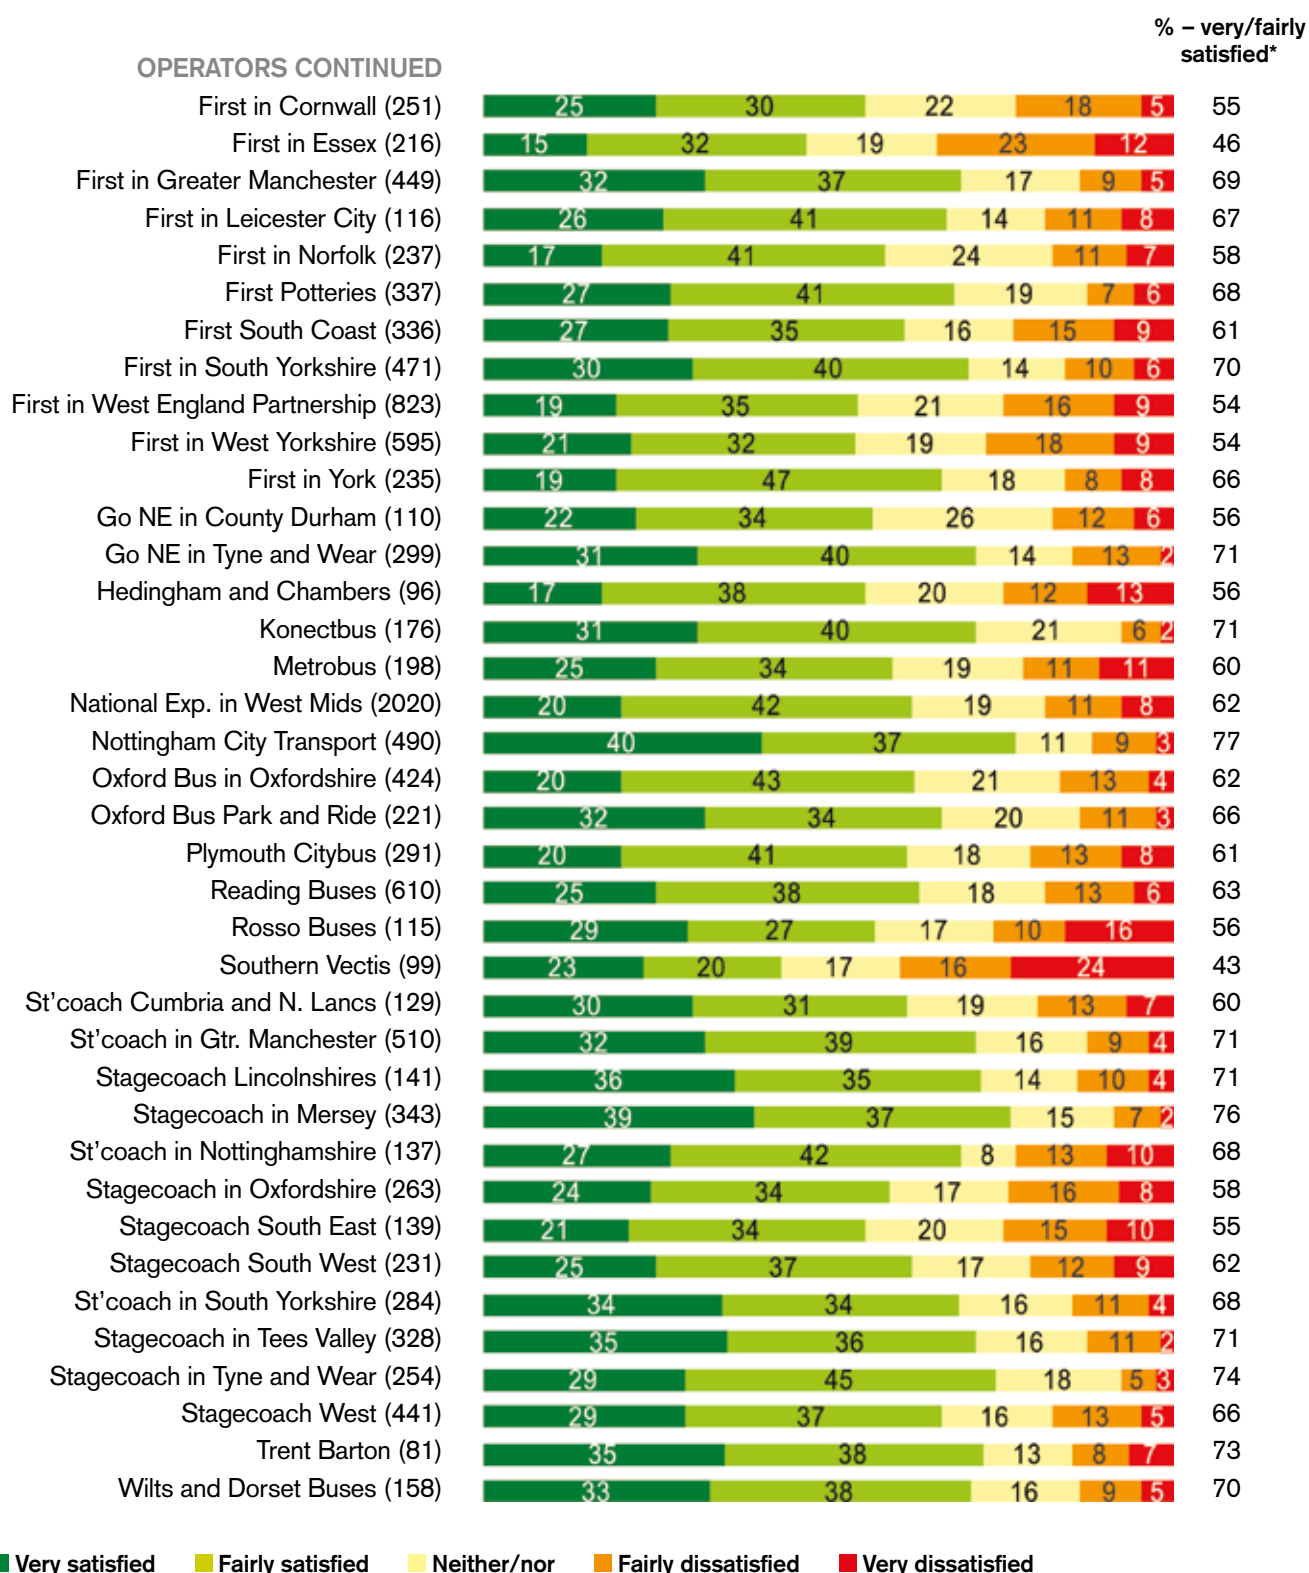

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Satisfaction with value for money – fare-paying passengers (%)

**Q How satisfied were you with the value for money of your journey?**

### Punctuality (%)

### National operators – averages

2016

- Arriva 74%
- First 67%
- Go-Ahead 79%
- National Express 70%
- Stagecoach 72%

2015

- Arriva 77%
- First 70%
- Go-Ahead 77%
- National Express 75%
- Stagecoach 74%

### Satisfaction with punctuality of the bus (%)

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Satisfaction with punctuality of the bus (%)

**Q How satisfied were you with the punctuality of the bus?**

### On-bus journey time (%)

### National operators – averages

2016

- Arriva 84%
- First 81%
- Go-Ahead 87%
- National Express 82%
- Stagecoach 82%

2015

- Arriva 86%
- First 84%
- Go-Ahead 85%
- National Express 80%
- Stagecoach 84%

### Satisfaction with on-bus journey time (%)

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Satisfaction with on-bus journey time (%)

■ Very satisfied   
 ■ Fairly satisfied   
 ■ Neither/nor   
 ■ Fairly dissatisfied   
 ■ Very dissatisfied

**Q How satisfied were you with the length of time your journey on the bus took?**

# Bus Passenger Survey in Scotland

In 2014, the survey included large parts of Scotland for the first time. In 2015, First Bus businesses in Glasgow, Aberdeen and Scotland East were the only participants, so the Scotland data for 2015 is not comparable with past years.

We are delighted that in 2016 the survey was expanded to cover all six of the major transport areas, which account for the vast majority of bus journeys made in Scotland. New areas, which have not been included before were the Highlands (mainland only) and South West. In this report, we compare 2016 data with 2014 for consistency.

The Scotland survey was paid for by Transport Scotland, the Regional Transport Partnerships, First UK Bus, National Express and Stagecoach.

As services in Scotland run outside our remit area (England outside of London) their results are NOT included within any figures earlier in this report.

We have shown results for each of the six areas covered by the survey in Scotland:

- Highlands
- North East

- South East
- South West
- Strathclyde
- Tayside and Central

These are followed by results for operators within each area where sufficient response numbers were achieved. These are:

- First Glasgow in Strathclyde
- First in North East
- First in South East
- First in Tayside and Central
- Lothian Buses in South East
- McGills Buses in Strathclyde
- Stagecoach in Highlands
- Stagecoach in North East
- Stagecoach in South East
- Stagecoach in South West
- Stagecoach in Strathclyde
- Stagecoach in Tayside and Central
- Xplore Dundee (National Express) in Tayside and Central

Finally, we end with the aggregated results for First and Stagecoach across the six areas covered.

We recommend reading *How the research was carried out and making use of results* on page 170.

# Key findings by area

## Overall satisfaction with the bus journey (%)

### Results by area

### Results for key passenger groups – how scores vary by area (%)

#### Reading the chart

The chart below shows how different passenger groups rated their bus journey overall and how these scores varied by the six RTP areas (listed on page 132). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that non-commuters tend to be more satisfied with their journey overall than commuters, as the white band is further to the right. However, there is wider variation in scores for commuters than there is for non-commuters.

### Q Overall, taking everything into account from start to end of the bus journey, how satisfied were you with your bus journey?

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Satisfaction with value for money – fare-paying passengers (%)

### Results by area

### Results for key passenger groups – how scores vary by area (%)

#### Reading the chart

The chart below shows how different passenger groups rated the value for money of their journey and how these scores varied by the six RTP areas (listed on page 132). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that passengers aged 35 to 59 tend to be more satisfied with value for money than those passengers aged 16 to 34, as the white band is further to the right. However, there is wider variation in scores for those aged 16 to 34 than there is for those aged 35 to 59.

### Q How satisfied were you with the value for money of your journey?

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Satisfaction with punctuality of the bus (%)

### Results by area

### Results for key passenger groups – how scores vary by area (%)

#### Reading the chart

The chart below shows how different passenger groups rated the punctuality of the bus and how these scores varied by the six RTP areas (listed on page 132). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that free pass holders tend to be more satisfied with punctuality than fare-payers, as the white band is further to the right. However, the variation in scores for fare-payers and free pass holders is similar.

#### Q How satisfied were you with the punctuality of the bus?

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Satisfaction with on-bus journey time (%)

### Results by area

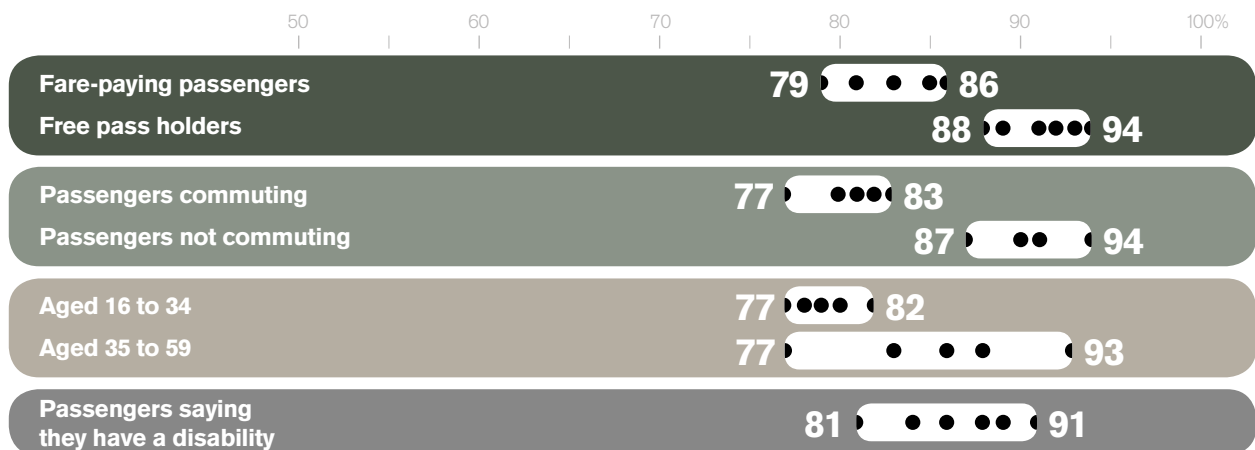

### Results for key passenger groups – how scores vary by area (%)

#### Reading the chart

The chart below shows how different passenger groups rated the length of time their journey on the bus took and how these scores varied by the six RTP areas (listed on page 132). The white band shows the range of scores for each group and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that passengers aged 35 to 59 tend to be more satisfied with the on-bus journey time than those passengers aged 16 to 34, as the white band is further to the right. However, there is wider variation in scores for those aged 16 to 34 than there is for those aged 35 to 59.

### Q How satisfied were you with the length of time your journey on the bus took?

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

## Factors affecting journey length – how this varies by area (%)

### Reading the chart

The chart below shows the different factors affecting the length of time that passengers' journeys took and how these varied by the six RTP areas (listed on page 132). The white band shows the range of scores (the percentage of journeys affected) for each factor and the black dots mark the individual scores for each area. The highest and lowest scores are shown at each end of the white bands.

This shows, for example, that congestion/traffic jams tend to impact upon a higher percentage of journeys than roadworks, as the white band is further to the right. However, there is wider variation in scores for congestion/traffic jams than there is for roadworks.

### Q Was the length of your journey affected by any of the following?

Passengers could provide more than one answer

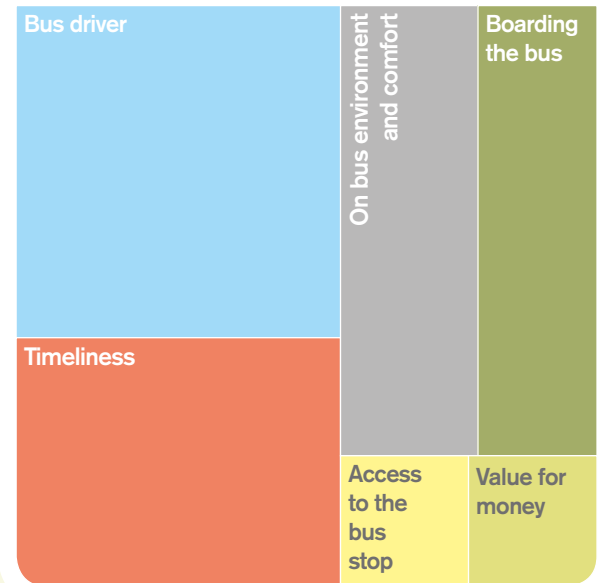

# Highlands

## Headline results

### Which themes are affecting overall passenger satisfaction?

See page 170 for an explanation of how these themes were calculated

FARE-PAYERS ONLY

# Key findings by bus operators

## Overall satisfaction with the bus journey (%)

■ Very satisfied   
 ■ Fairly satisfied   
 ■ Neither/nor   
 ■ Fairly dissatisfied   
 ■ Very dissatisfied

**Q Overall, taking everything into account from start to end of the bus journey, how satisfied were you with your bus journey?**

## Satisfaction with value for money – fare-paying passengers (%)

■ Very satisfied   
 ■ Fairly satisfied   
 ■ Neither/nor   
 ■ Fairly dissatisfied   
 ■ Very dissatisfied

**Q How satisfied were you with the value for money of your journey?**

## Satisfaction with punctuality of the bus (%)

**Q How satisfied were you with the punctuality of the bus?**

## Satisfaction with on-bus journey time (%)

**Q How satisfied were you with the length of time your journey on the bus took?**

\*Due to rounding the percentage very/fairly satisfied may not always be equal to the sum of the very and fairly satisfied values in the chart

# How the research was carried out and making use of results

## Overview of methodology

We designed the survey to provide results that are representative of bus passenger journeys within each 'sampling area'. Sampling areas are either local transport authorities (LTAs), or bus operators' divisions (for example Brighton and Hove Bus, or Reading Buses).

The sampling method is 'systematic,' derived from a list of a sampling area's bus services and the times that they run (sourced from ITO World Ltd, which makes available the data used by Traveline). Routes and journey start times are selected and these then form the mid-points for three-hour shifts during which fieldworkers make as many return trips as possible on those selected services.

Fieldworkers discuss the survey with passengers on these services, giving them the chance to participate. Those wishing to do so are offered a choice of completing a paper questionnaire after their journey, together with a reply-paid envelope, or else completing an online survey, by providing an email address for this to be sent to.

The survey asks passengers to rate their experience of that journey. It covers their time at the bus stop, the punctuality of the bus, their time on the bus, the bus driver, and an overall journey satisfaction and value for money rating.

Fieldwork was conducted between 5 September and 18 December 2016, excluding the October school half-term holiday period as it was in each sampling area (mostly 17 to 28 October).

The data was weighted to help provide a representative picture of passenger journeys in each sampling area. Within each sampling area, weights were applied for age and gender and for the 'day-part' in which passenger journeys were made. The demographic weights were determined by recording observable age and gender of passengers on board buses during each fieldwork shift, as there is no available data on this at sampling area level. 'Day-parts' are: morning peak, off-peak, evening peak and weekend. The weights for each day-part were determined from passenger counts on a sample of all surveyed bus journeys, across the different times of day and days of the week.

The final stage of weighting was to ensure that in the final data, each participating sampling area (within the survey) is represented in proportion to its annual passenger journey

numbers. These weights were derived from bus journey statistics published by the Department for Transport.

Transport Focus was supported by BDRC Continental Ltd in conducting the autumn 2016 survey. This year we received a total of 46,530 valid responses.

## Presentation of results

Throughout the report, satisfaction scores are based only on those respondents that gave an opinion (that is, excluding those who did not answer or said 'no opinion'). For questions not about satisfaction, the results are based on all survey respondents. All results are calculated using weighted values. In the report where numbers are shown in brackets after the question/category text, these are the actual numbers of passengers who answered the question.

BPS results are rounded to whole numbers. 'All satisfied' is the rounded whole-number sum of 'very satisfied' and 'fairly satisfied' and 'all dissatisfied' is the rounded whole-number sum of 'fairly dissatisfied' and 'very dissatisfied'. Sometimes, due to the decimal places not being shown on the 'very' and 'fairly' values, the 'all' value can appear to be one percent different to the sum of the individual values.

## Themes that are affecting overall passenger satisfaction charts

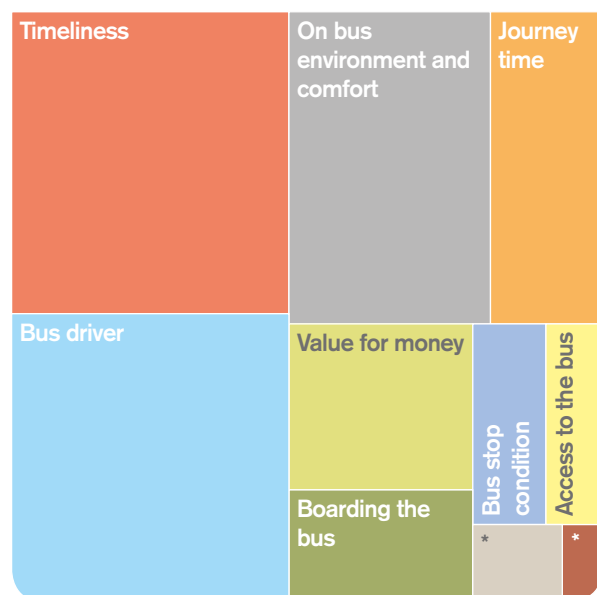

This year, we introduced a new approach for identifying the key drivers of overall journey satisfaction amongst bus passengers, comprising two stages. At the first stage, we took all 30 individual satisfaction measures from the survey (apart from the overall journey satisfaction) and formed them into themes using a statistical technique known as factor analysis, which groups together those satisfaction measures that are responded to similarly within the data. For instance, where high or low scores are given for measure 'x', there tends to be a similar rating for measures 'y' and 'z', so the 'factor' or theme becomes 'A'. Through this process we identified ten themes, which are shown below, alongside the measures that formed each theme:

Theme (factor)	Questions
1 Bus driver	<ul style="list-style-type: none"> <li>Satisfaction with bus driver: Nearness to kerb</li> <li>Satisfaction with bus driver: Appearance</li> <li>Satisfaction with bus driver: The greeting/welcome you got</li> <li>Satisfaction with bus driver: Helpfulness/attitude</li> <li>Satisfaction with bus driver: Time to get to seat</li> <li>Satisfaction with bus driver: Smoothness/freedom from jolting</li> <li>Satisfaction with bus driver: Safety of the driving</li> </ul>
2 On bus environment and comfort	<ul style="list-style-type: none"> <li>Availability of seating or space to stand</li> <li>Comfort of the seats</li> <li>Amount of personal space</li> <li>Provision of grab rails to stand/move within the bus</li> <li>Temperature inside the bus</li> <li>Personal security</li> </ul>
3 Bus stop condition	<ul style="list-style-type: none"> <li>General condition/standard of maintenance</li> <li>Freedom from graffiti/vandalism</li> <li>Freedom from litter</li> </ul>
4 Boarding the bus	<ul style="list-style-type: none"> <li>Satisfaction with route/destination information</li> <li>Ease of getting onto/off the bus</li> <li>Satisfaction with time taken to board</li> </ul>
5 Timeliness	<ul style="list-style-type: none"> <li>Satisfaction with waiting time</li> <li>Satisfaction with punctuality</li> </ul>
6 Bus cleanliness and information on-board	<ul style="list-style-type: none"> <li>Satisfaction with exterior cleanliness/condition</li> <li>Satisfaction with interior cleanliness/condition</li> <li>Info provided inside bus</li> </ul>
7 Access to the bus stop	<ul style="list-style-type: none"> <li>Distance from journey start</li> <li>Convenience/accessibility</li> </ul>
8 Bus stop safety and information	<ul style="list-style-type: none"> <li>Information provided at the stop</li> <li>Personal safety at stop</li> </ul>
9 Journey time	<ul style="list-style-type: none"> <li>Satisfaction with on-bus journey time</li> </ul>
10 Value for money	<ul style="list-style-type: none"> <li>Satisfaction with VFM (fare-payers only)</li> </ul>

For the second stage, these themes were then used to identify how much effect each one has on passengers' rating for overall journey satisfaction, by means of a key driver analysis.

The square diagrams show the proportionate influence that each theme has on satisfaction for that area/operator. They should be read like a pie chart where the slices or portions are relative to each other and together add up to 100%. So in the example below, the theme of 'timeliness' which is shaded red, has the greatest influence on satisfaction, followed by 'bus driver', while themes such as 'access to the bus stop' and 'bus stop condition' have relatively little influence here. This analysis was conducted on fare-paying passengers only, so that the influence of value for money could be included. There are noticeable and interesting differences in the impact of different themes between operators and areas.

The methodology document explains the process in more detail.

Ralph Hodgson

## Interpreting results

The autumn 2016 wave of BPS was carried out across 42 sampling areas in England. All six former metropolitan counties were selected, and the remaining 36 sampling areas were a broad mix of 11 unitary LTAs, four two-tier LTAs, and 21 standalone bus operators' operating divisions (mainly Go-Ahead group bus companies).

The areas covered by BPS each year account for around two thirds of passenger journeys made within our remit area (England outside of London). Every year we have surveyed all the PTE areas but only a proportion of services running in unitary and two-tier authorities. Thus a 'whole-survey' statistic is more influenced by the results from the PTE bloc.

Furthermore, of the unitary and two-tier areas covered each year, some were the same as in previous years, and some were different (more so since autumn 2014 with the inclusion of many standalone bus operator divisions). Thus 'whole-survey' statistics for each year are calculated on survey areas which are not exactly the same. However, the weight of the PTE bloc and number of areas repeated much reduces the level of dissimilarity.

In autumn 2016 the survey also covered the six transport partnership areas and two bus operator areas within Scotland. In total, these accounted for the majority of passenger journeys made within Scotland. Their results are included within this results book, but they are not included in the 'area – key findings' results (which are based only on the sampling areas within our remit).

## Further detail

There is an accompanying methodology document that provides more detail on the survey process, available at [www.transportfocus.org.uk/research/bus-passenger-survey](http://www.transportfocus.org.uk/research/bus-passenger-survey).

## Waiver

Transport Focus has taken care to ensure that the information contained in the BPS is correct. However, no warranty, express or implied, is given as to its accuracy and Transport Focus does not accept any liability for error or omission.

Transport Focus is not responsible for how the information is used, how it is interpreted or what reliance is placed upon it. Transport Focus does not guarantee that the information contained in BPS is fit for any particular purpose.

# Appendix

Listed below are the authorities and operators that funded extra survey responses

## England

### Local transport authority areas

- Cheshire East Council (Transport Service Solutions)
- Cornwall Council
- County Durham: County Durham Council, Arriva and Go North East
- Essex: Essex County Council and First
- Greater Manchester: Transport for Greater Manchester (TfGM), First and Stagecoach
- Herefordshire Council
- Leicester City Council
- Merseyside: Merseyside PTE (Merseytravel) and Arriva
- Milton Keynes Council
- Norfolk County Council
- Northumberland County Council
- Nottingham City Council
- Nottinghamshire: Nottinghamshire County Council, Nottingham City Transport, Stagecoach and Trent Barton
- Oxfordshire: Oxford Bus Company and Stagecoach
- South Yorkshire: South Yorkshire PTE, First and Stagecoach
- Tees Valley Group: Tees Valley Bus Network Improvement Board (Darlington, Hartlepool, Middlesbrough, Redcar and Cleveland and Stockton on Tees Councils)
- Tyne and Wear: Go North East and Stagecoach
- West Midlands: West Midlands PTE (Transport for West Midlands), National Express, West Midlands and Coventry Voluntary Multilateral Agreement partners
- West Yorkshire: West Yorkshire PTE (Metro) and First
- West of England Partnership: Bristol City, Bath and North East Somerset, North Somerset, and South Gloucestershire Councils, and First
- York (City of) Council

### Operator-specific areas

- Blackpool Transport Services
- Go-Ahead Group to cover these bus companies
  - Anglian Buses
  - Bluestar
  - Brighton and Hove Bus
  - Carousel Buses
  - Hedingham and Chambers
  - Konectbus
  - Metrobus
  - Oxford Park and Ride
  - Plymouth Citybus
  - Southern Vectis
  - Wilts and Dorset (morebus and Salisbury Reds)
- First South Coast
- First Potteries
- Reading Buses
- Rosso Buses (Rossendale Transport)
- Stagecoach Group to cover these parts of their business
  - Stagecoach in Cumbria and North Lancashire
  - Stagecoach in Lincolnshire, North Lincolnshire and North East Lincolnshire
  - Stagecoach South East
  - Stagecoach South West
  - Stagecoach West

## Scotland

### Local transport authority areas

- Highlands: Transport Scotland, the Regional Transport Partnerships, First and Stagecoach
- North East: Transport Scotland, the Regional Transport Partnerships and Stagecoach
- South East: Transport Scotland and the Regional Transport Partnerships
- South West: Transport Scotland, the Regional Transport Partnerships and Stagecoach
- Strathclyde: Transport Scotland and the Regional Transport Partnerships
- Tayside and Central: Transport Scotland, the Regional Transport Partnerships, National Express and Stagecoach

### Operator-specific areas

- First Glasgow
- First Scotland East
