

Travel during Covid-19

Tracking research - week 16

21 August 2020

Travel during Covid-19: omnibus week 16

Use of public transport is increasing.

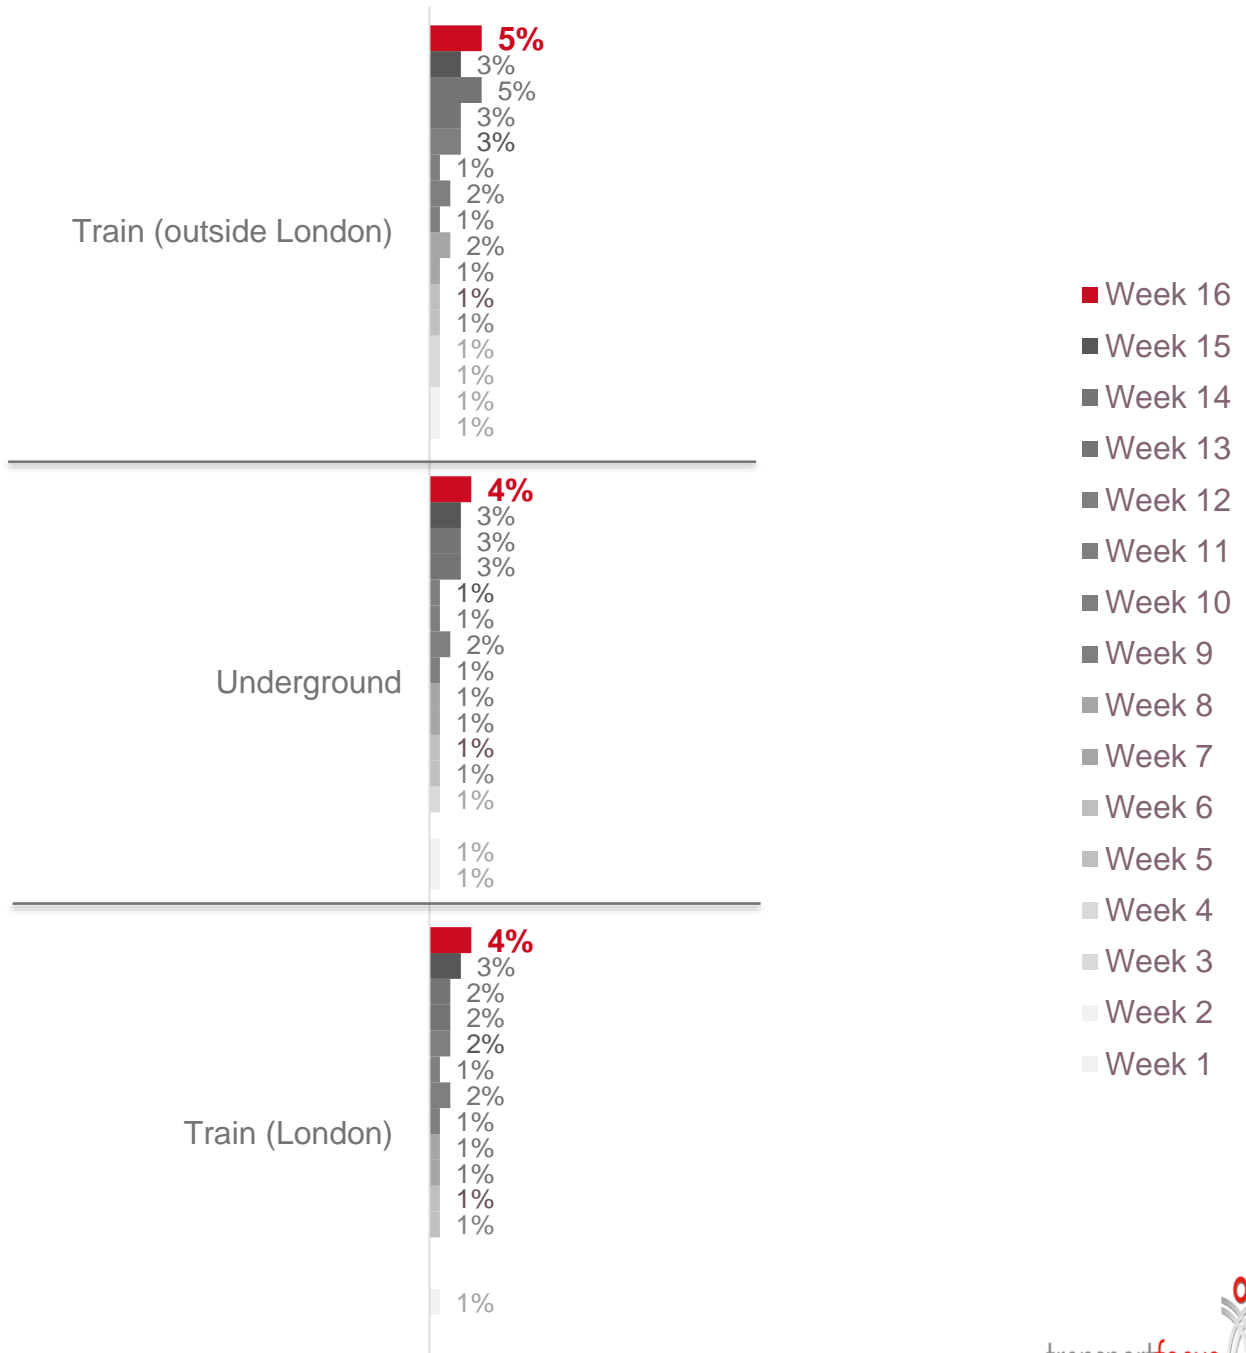

Public transport used in last 7 days

Travel during Covid-19: omnibus week 16

Use of trains, both within and outside London, is increasing.

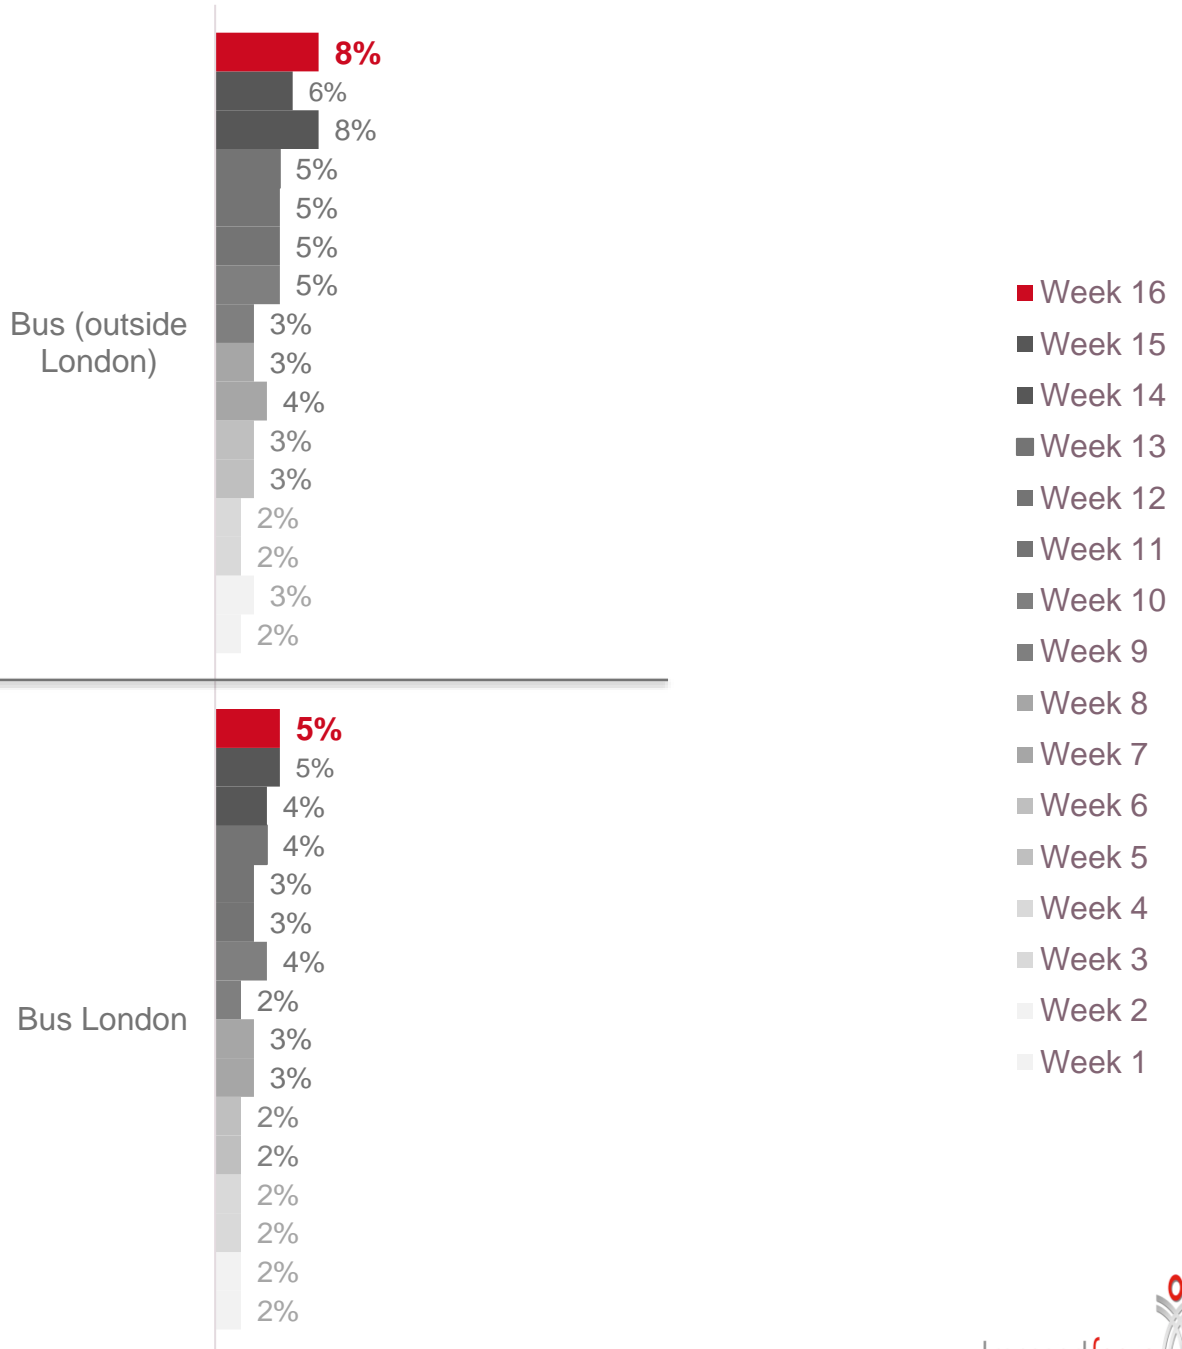

Public transport used in last 7 days

Travel during Covid-19: omnibus week 16

Use of buses outside London is increasing.

Public transport used in last 7 days

Travel during Covid-19: omnibus week 16

Road use is consistent.

Road use - last 7 days

Travel during Covid-19: omnibus week 16

Small proportions used taxis and motorcycles in the last seven days.

Road use - last 7 days

* Separated out at week 12

Travel during Covid-19: omnibus week 16

The reported volume of traffic as increased over time, but is consistent with recent weeks.

Reported level of traffic

Travel during Covid-19: omnibus week 16

A half have made journeys on foot.

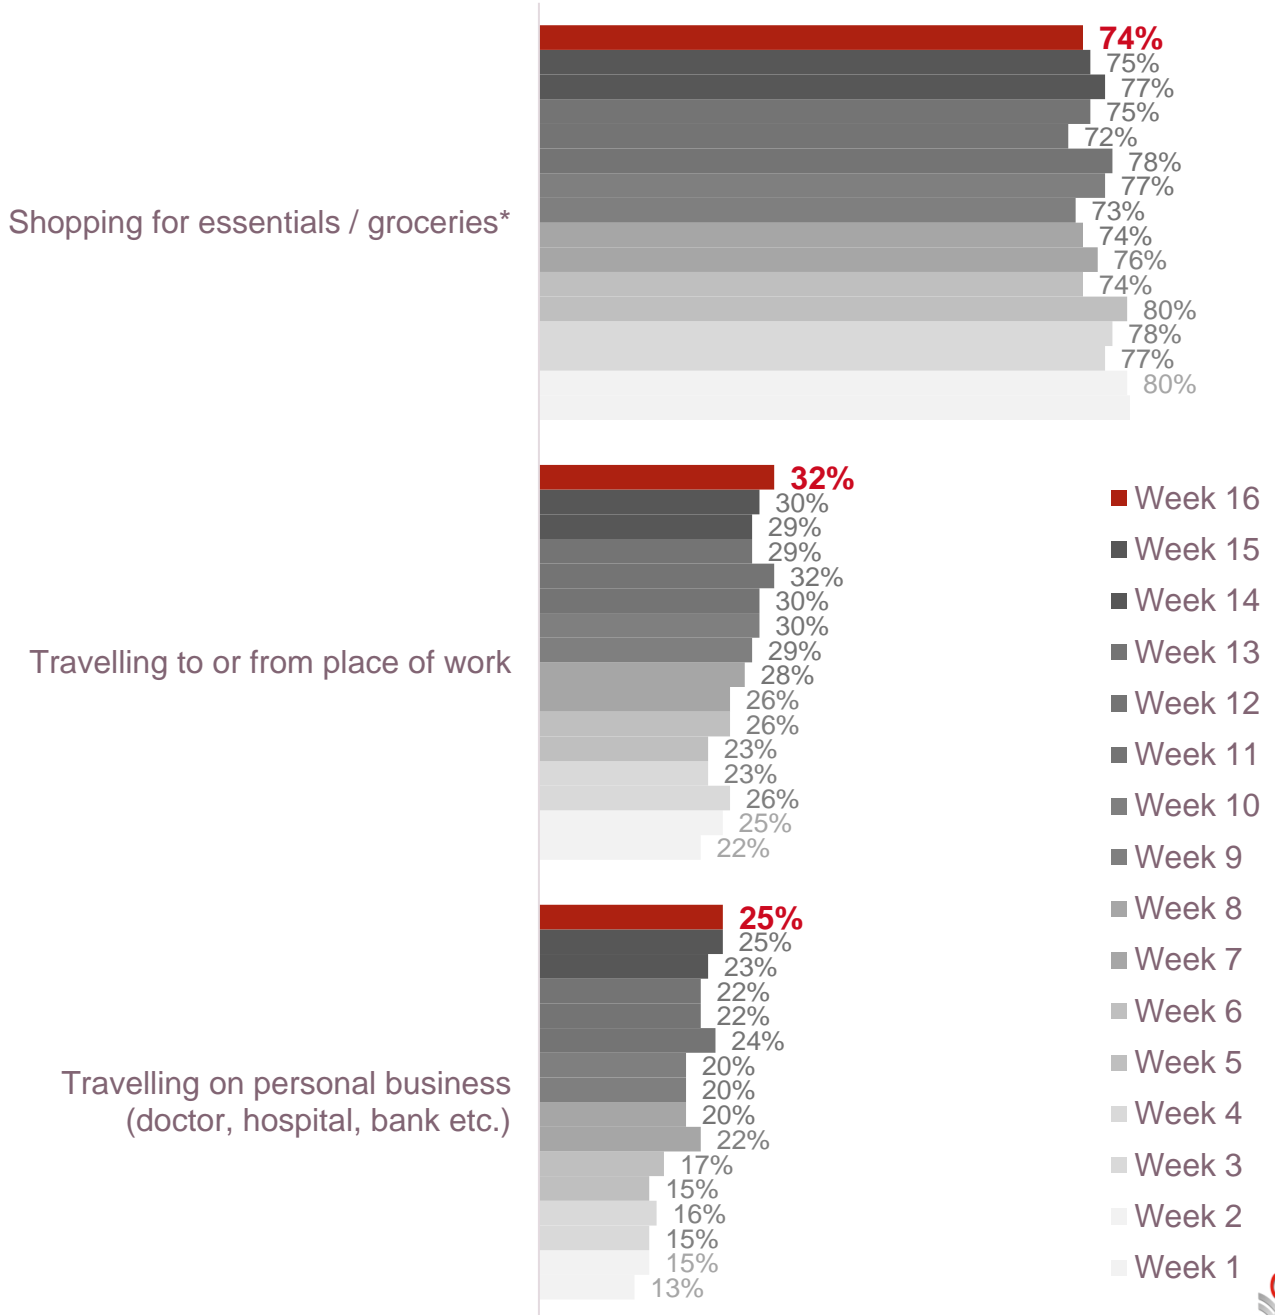

Other transport used in last 7 days

Travel during Covid-19: omnibus week 16

Travelling to shop for essentials/or groceries is the most common reason for making journeys in the last seven days. Travel to work increasing over time.

Reasons for making journeys in the last seven days

*Shopping' weeks 1-9

Travel during Covid-19: omnibus week 16

More people are making journeys for eating out, visiting attractions etc.

Reasons for making journeys in the last seven days

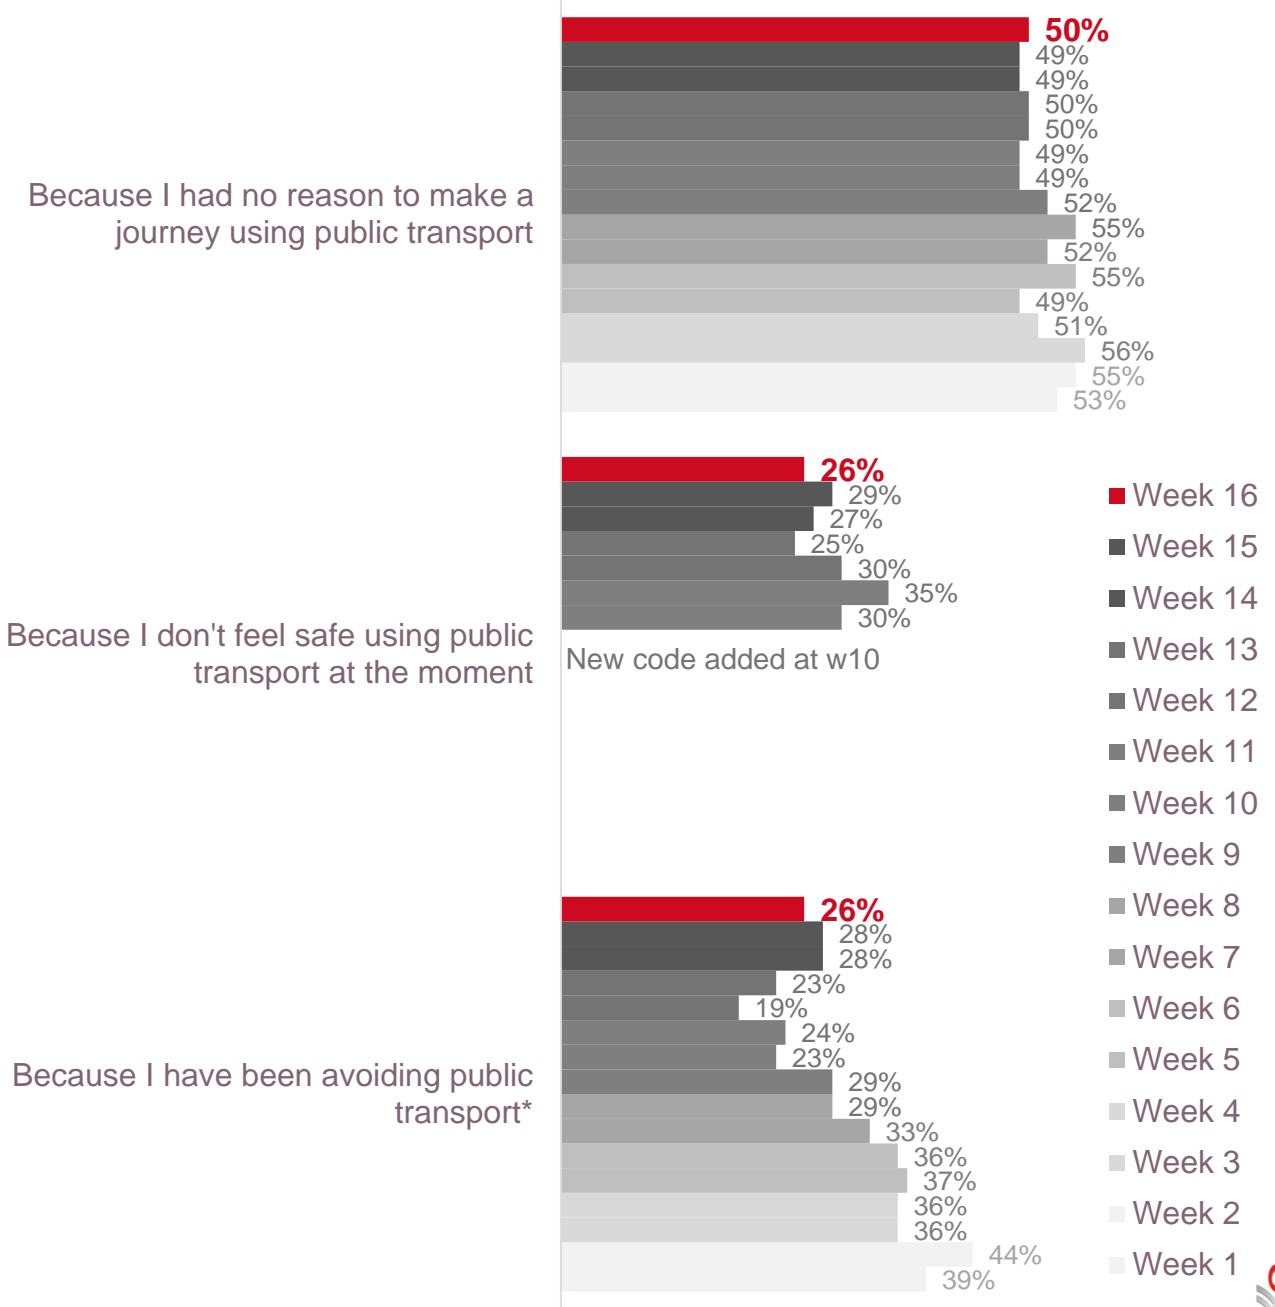

*Text changes at week 10

Travel during Covid-19: omnibus week 16

Half have no reason to use public transport. A quarter didn't use public transport because they don't feel safe to do so.

Reasons public transport not used in the last seven days

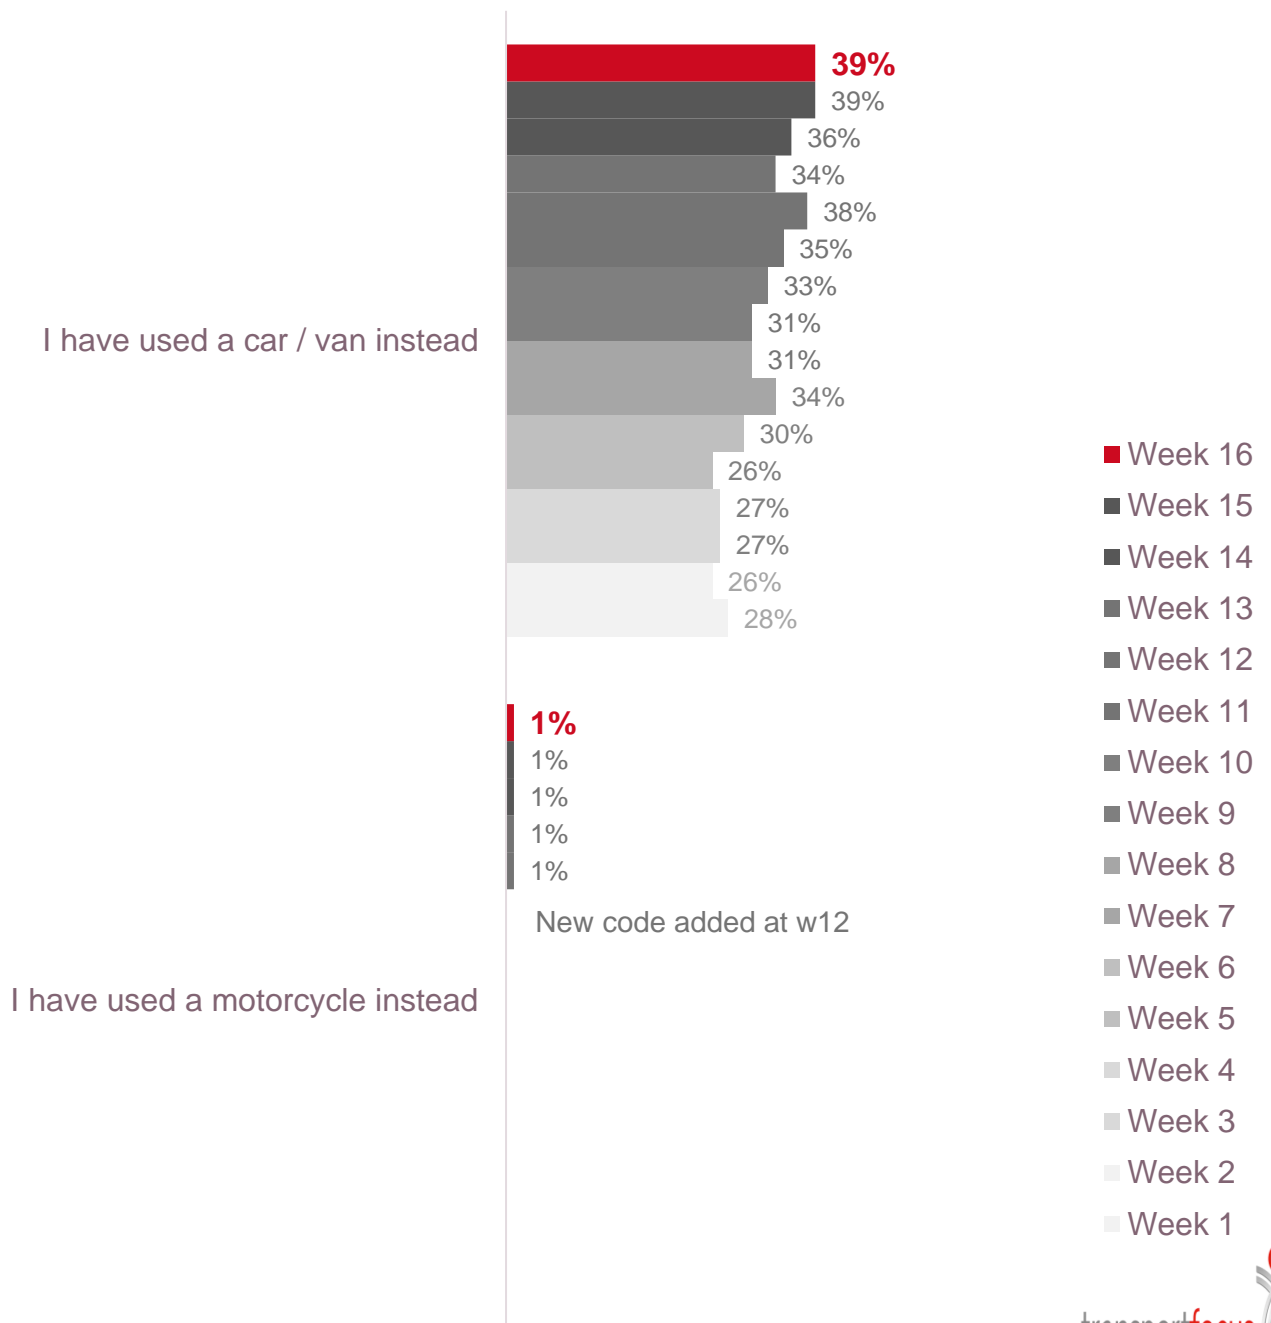

*Wording amended at week 10 and at week 13

Travel during Covid-19: omnibus week 16

Two in five have driven in the last week rather than use public transport.

Reasons public transport not used in the last seven days

Travel during Covid-19: omnibus week 16

Almost one in five walked for journeys rather than using public transport.

Reasons public transport not used in the last seven days

Travel during Covid-19: omnibus week 16

A quarter of respondents overall are unsure of when they will next use a bus.

Anticipated future use of bus

All respondents – 2000

% In the next month or sooner

*Denotes statistically significant difference

Travel during Covid-19: omnibus week 16

A quarter of respondents overall are unsure of when they will next use a train.

Anticipated future use of train

% In the next month or sooner

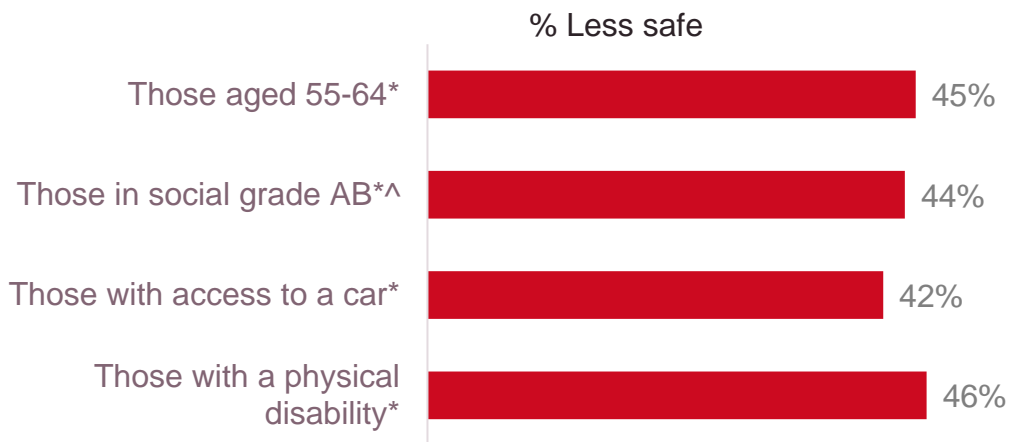

* Denotes statistically significant difference

Four in ten think that using public transport is less safe than visiting other places such as shops and restaurants

Thinking about public transport, and specifically in relation to coronavirus, which of these statements applies to you..?

I think that using public transport is more/less/equally as safe than other places such as shops, restaurants, or pubs

Base: All, W16 – 2000

*Denotes statistically significant difference

^Those in intermediate or higher managerial or professional positions

More than seven in ten agree that they will feel safer using public transport if passengers wear face coverings

I will feel safer using public transport with passengers wearing face coverings. Base: W16 1838

Base excludes don't know/not applicable answers

*Denotes statistically significant difference

Two in five agree that they have few concerns around using public transport

% Agree

I have few concerns about using public transport now, if I have the need to do so. Base: W16 1818

■ Strongly agree ■ Tend to agree ■ Neither / nor ■ Tend to disagree ■ Strongly disagree

Base excludes don't know/not applicable answers.

* Denotes statistically significant difference

Around a quarter say that in the future they are more likely to cycle for journeys where they previously used public transport

% Agree

In the future I will cycle more for journeys where I would have used public transport before. Base: W16 1104

■ Strongly agree ■ Tend to agree ■ Neither / nor ■ Tend to disagree ■ Strongly disagree

% Agree

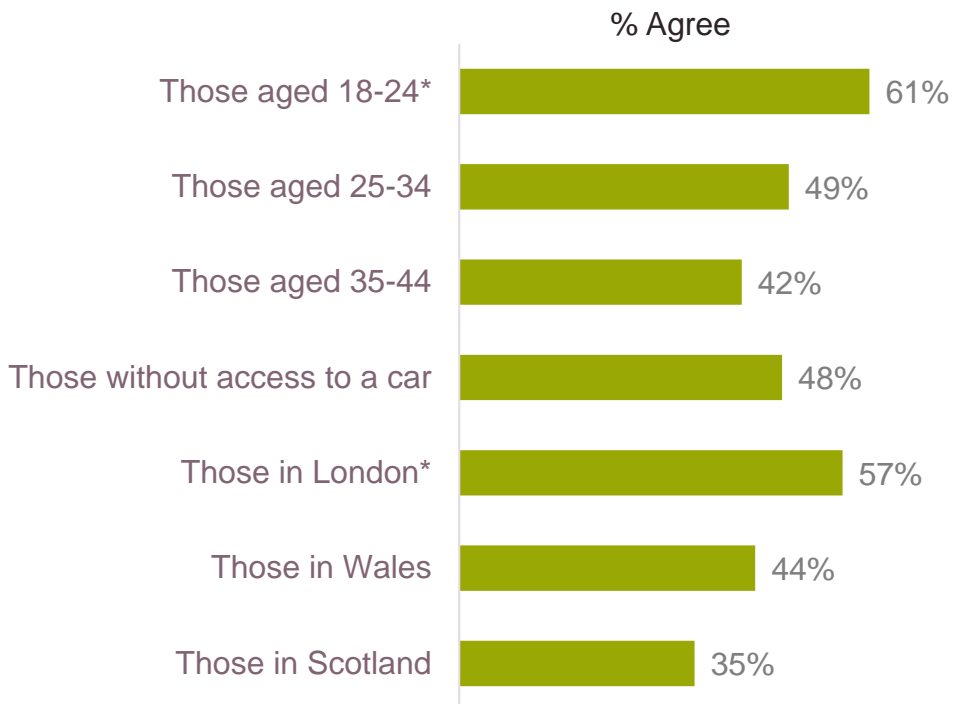

Base excludes don't know/not applicable answers

* Denotes statistically significant difference. Question dropped w10-w14

Over four in ten say that in the future they are more likely to walk for journeys where they previously used public transport

In the future I will walk more for journeys where I would have used public transport before. Base: W16 1523

Base excludes don't know/not applicable answers

* Denotes statistically significant difference. Question dropped w10-w14

Half say they expect to work from home more often in the future

I expect to work from home more often in the future.
Base: W16 1080

Base excludes don't know/not applicable answers

* Denotes statistically significant difference. Question dropped w9-w14

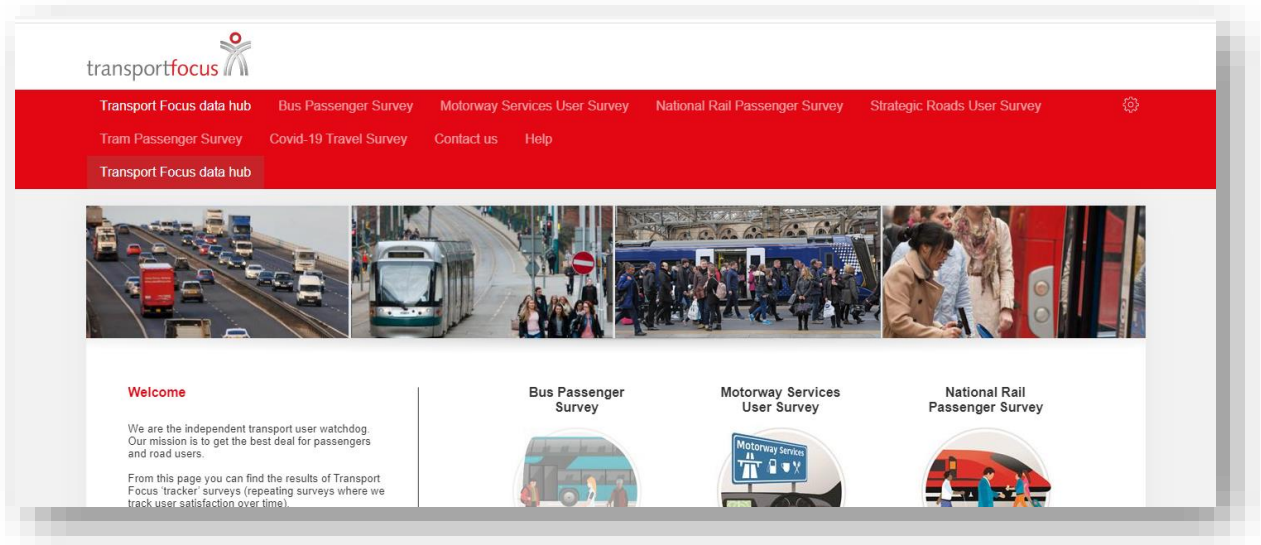

Transport Focus Data Hub

All the results from this wave and previous waves of this research are available for your own analysis on the Transport Focus Data Hub.

The data is available for anyone to view at:

www.transportfocus.org.uk/data-hub

You can access the survey by clicking on 'Covid-19 Travel Survey'

Please note:

Data from new waves of the survey is uploaded and made available on each Friday morning. The survey may be unavailable on the hub on Thursday afternoon while the upload of new data takes place.

Survey method

- c.2000 online interviews per week. Using Populus weekly omnibus. Repeated each week. Nationally representative of Great British population – not all respondents are passengers on public transport.
- Those who have provided a response are excluded from the subsequent wave of research.
- The analysis of attitudinal questions excludes responses from those who don't have an opinion, or from those who say that the question is not applicable to them.
- Fieldwork dates:
 - week 1: 1-3 May 2020
 - week 2: 7-9 May 2020
 - week 3: 15-17 May 2020
 - week 4: 22-24 May 2020
 - week 5: 29-31 May 2020
 - week 6: 5-7 June 2020
 - week 7: 12-14 June 2020
 - week 8: 19-21 June 2020
 - week 9: 26-28 June 2020
 - week 10: 3-5 July 2020
 - week 11: 10-12 July 2020
 - week 12: 17-19 July 2020
 - week 13: 24-26 July 2020
 - week 14: 31 July – 2 August 2020
 - week 15: 7-9 August 2020
 - week 16: 14-16 August 2020

Sample breakdown
