

# Travel during Covid-19

Tracking research - week 19

11 September 2020

# Travel during Covid-19: omnibus week 19

## Use of public transport is increasing over time

Use of public transport in last seven days – Great Britain

# Travel during Covid-19: omnibus week 19

## Use of train and bus has increased over time

Use of train in last seven days

Use of bus in last seven days

# Travel during Covid-19: omnibus week 19

More than half of those who previously used buses and trains regularly, but have not done so in the last seven days, have not used a bus or train since before lockdown

## When regular bus and train users who have not used a bus or a train in the last seven days last did so

Those who used buses a few times a month before lockdown, but who have not used a bus in the last seven days – 467

Those who used trains a few times a month before lockdown, but who have not used a train in the last seven days – 384

# Travel during Covid-19: omnibus week 19

## Road use has increased slightly over time

### Use of car / van in last seven days

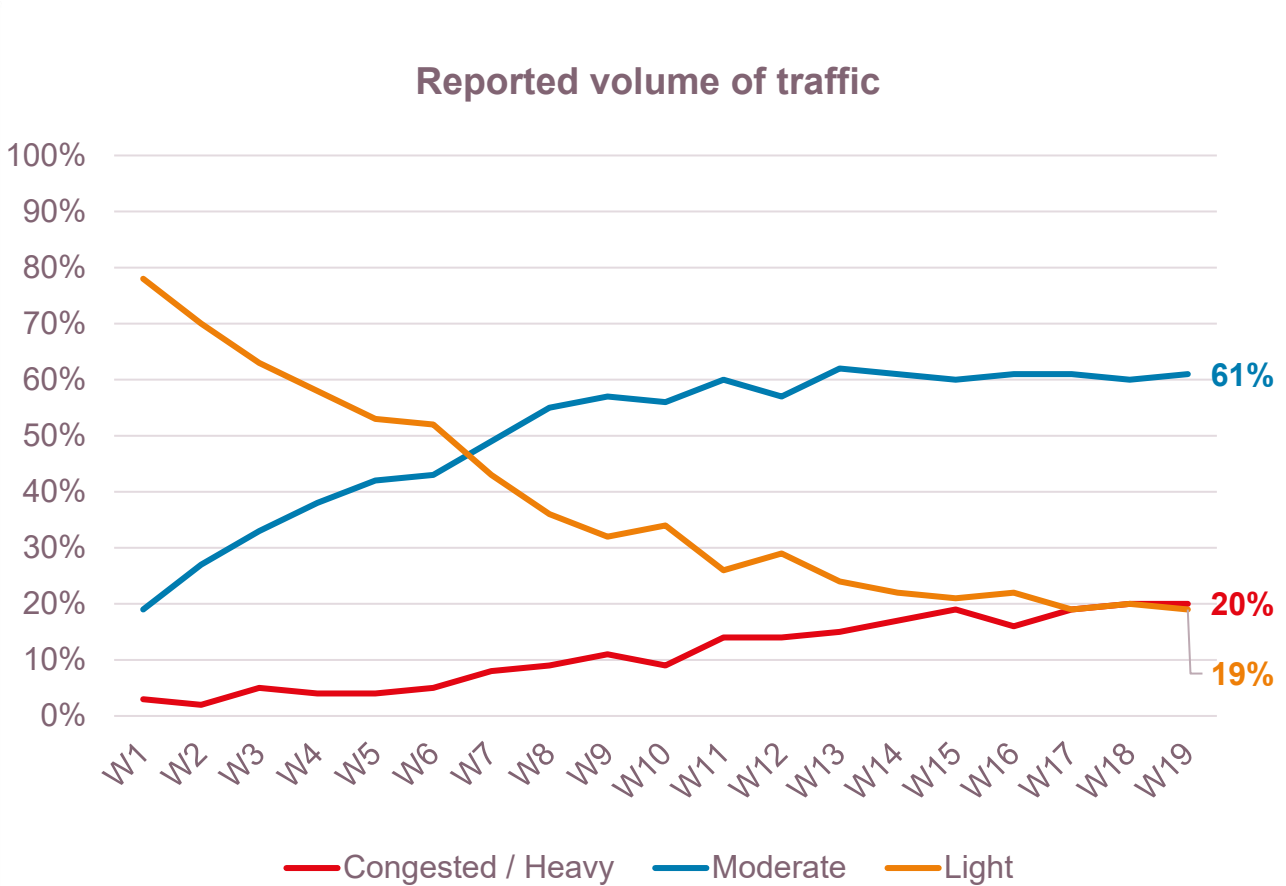

### Use of taxi / motorcycle in the last seven days

\* Separated out at week 12

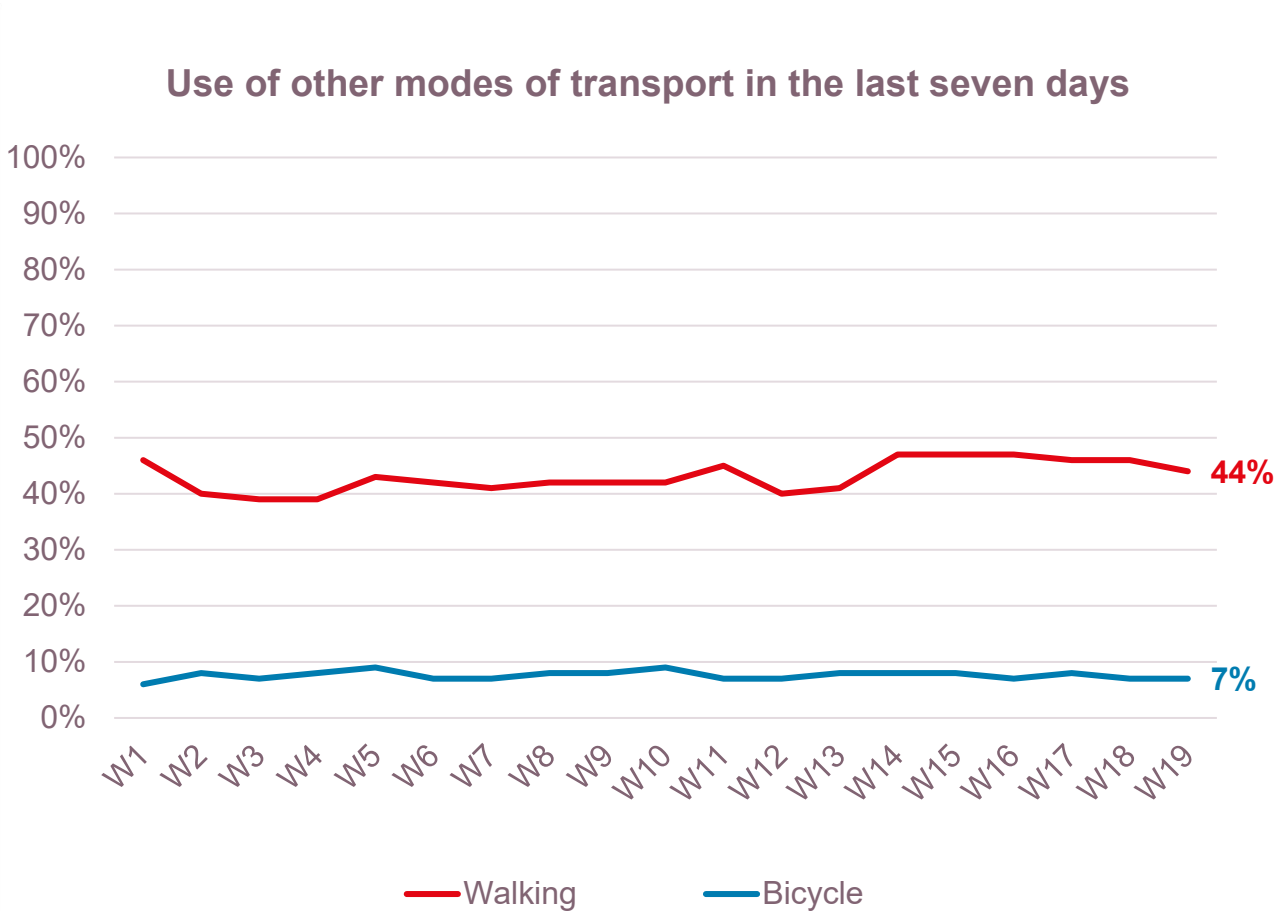

# Travel during Covid-19: omnibus week 19

## Congested and heavy traffic continues to increase

# Travel during Covid-19: omnibus week 19

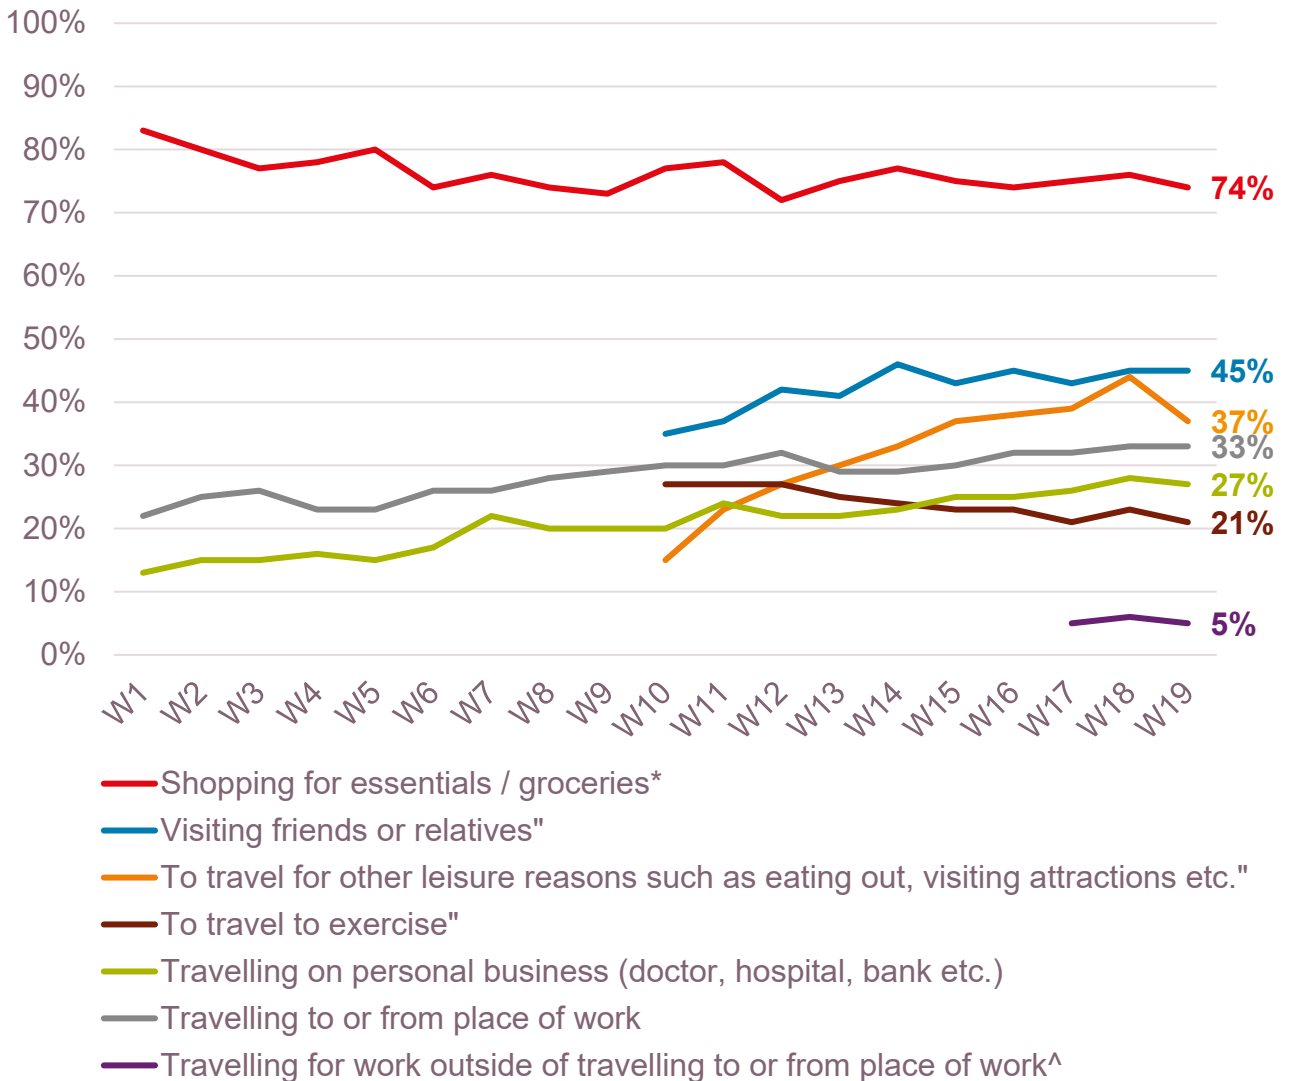

Less than half have made journeys on foot and fewer have made journeys by bike

# Travel during Covid-19: omnibus week 19

Travel to work is increasing slowly over time. Travelling for leisure reasons such as eating out and visiting attractions has fallen as the holiday period and 'eat out to help out' ends

Reasons for making journeys in the last seven days

\* Shopping weeks 1-9

" Data shown from week 10 only as significant text changes made from this week onwards

^ New code added at week 17

# Travel during Covid-19: omnibus week 19

The proportion of those avoiding using public transport, or not feeling safe doing so, is falling over time

Reasons public transport not used in the last seven days

\* Wording amended at week 10 and at week 13

^ New coded added at week 10

“ New code added at week 12

# Travel during Covid-19: omnibus week 19

More than half of those who previously used buses regularly will do so in the next month. Those who haven't used a bus in the last seven days, but have done so in the last month, are more likely than others to use a bus in the next month or sooner

## Anticipated future use of bus

All using bus a few times in a typical month prior to lockdown – 711

### % In the next month or sooner

\* Denotes statistically significant difference to those using bus overall

# Travel during Covid-19: omnibus week 19

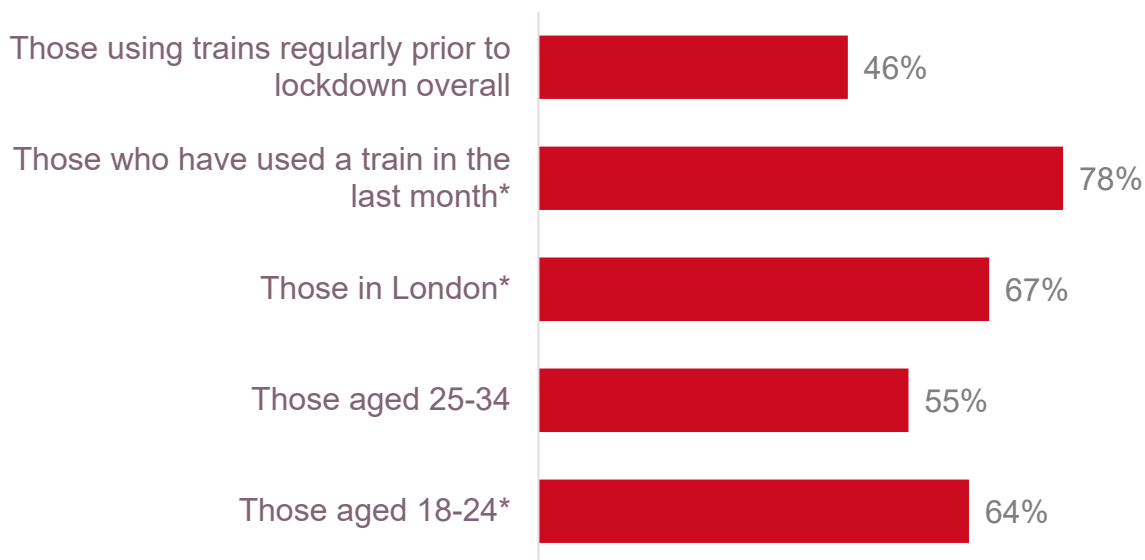

Almost half of those who used trains regularly will do so in the next month. Those who haven't used a train in the last seven days, but have done so in the last month, are more likely than others to use a train in the next month or sooner

## Anticipated future use of train

All using trains at least a few times in a typical month prior to lockdown – 486

### % in the next month or sooner

\* Denotes statistically significant difference to those using trains overall

# Travel during Covid-19: omnibus week 19

The proportion of those who regularly used buses or trains before lockdown who say that they will use a bus or train in the next month or sooner is growing

## Anticipated future use of bus; lead-in time

All using bus a few times in a typical month prior to lockdown – 711

% in the next month or sooner

## Anticipated future use of train; lead-in time

All using trains at least a few times in a typical month prior to lockdown – 486

% in the next month or sooner

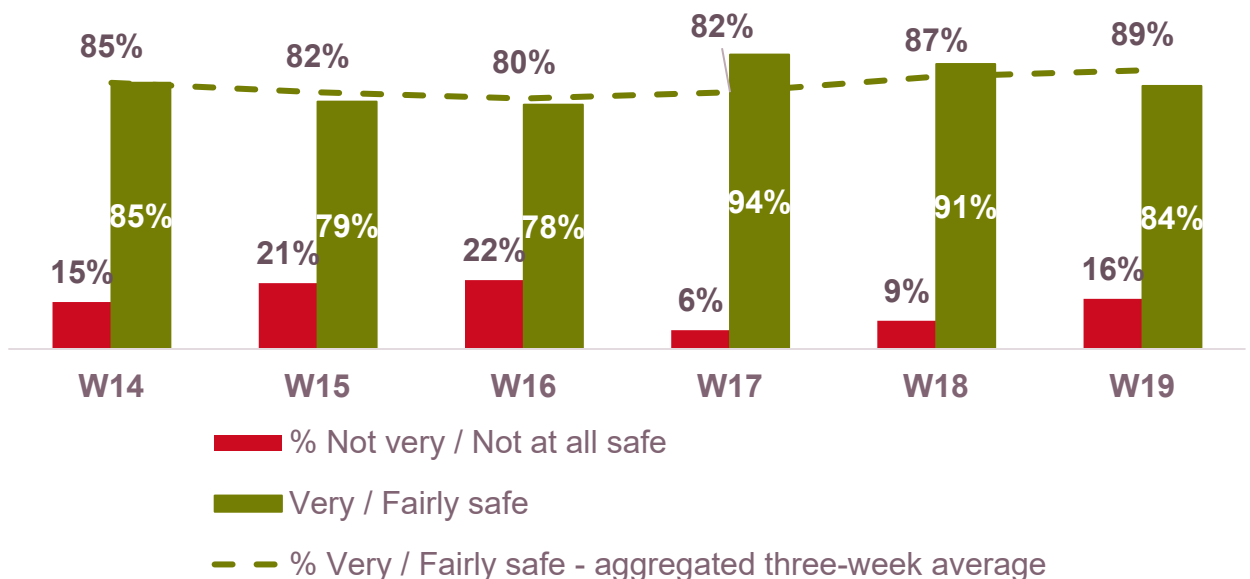

# More than four in five of those making train journeys in the last seven days felt safe doing so

Specifically in relation to coronavirus\*, how safe do you feel at the moment when using trains?

Base: All making journeys by train, W19 – 127

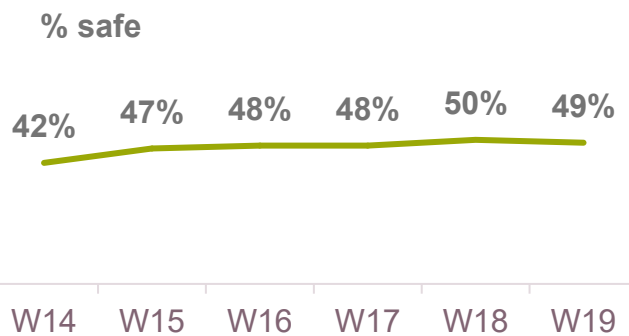

■ Very Safe ■ Fairly safe ■ Not very safe ■ Not at all safe

\* Reference to coronavirus specifically added at week 16

# Among those who have not used a train in the last seven days, those that have done so in the last month are more likely than others to feel safe doing so again

Specifically in relation to coronavirus<sup>^</sup>, if you had to make a journey at the moment, how safe would you feel making a journey by train?  
 Base: All *excluding* those making journeys by train, W19 – 1,863

■ Very Safe ■ Fairly safe ■ Not very safe ■ Not at all safe

■ Very safe ■ Fairly safe ■ Not very safe ■ Not at all safe

Those who have not used a train in the last seven days, but have done so in the last month

Those who have used a train since lockdown

Those who have not used a train since before lockdown

Those who used trains regularly before lockdown

<sup>^</sup> Reference to coronavirus specifically added at week 16

# Those making bus journeys in the last seven days are more likely to feel safe doing so than those who have not

Specifically in relation to coronavirus, how safe do you feel at the moment when using buses?

Base: All making journeys by bus, W19 – 274

■ Very Safe ■ Fairly safe ■ Not very safe ■ Not at all safe

■ % Not very / Not at all safe

■ Very / Fairly safe

- - % Very / Fairly safe - aggregated three-week average

# Among those who have not used a bus in the last seven days, those that have done so in the last month are more likely than others to feel safe doing so again

Specifically in relation to coronavirus, if you had to make a journey at the moment, how safe would you feel making a journey by bus?

Base: All *excluding* those making journeys by bus, W19 – 1,716

% safe

38% 41% 42% 40%

W16 W17 W18 W19

■ Very Safe ■ Fairly safe ■ Not very safe ■ Not at all safe

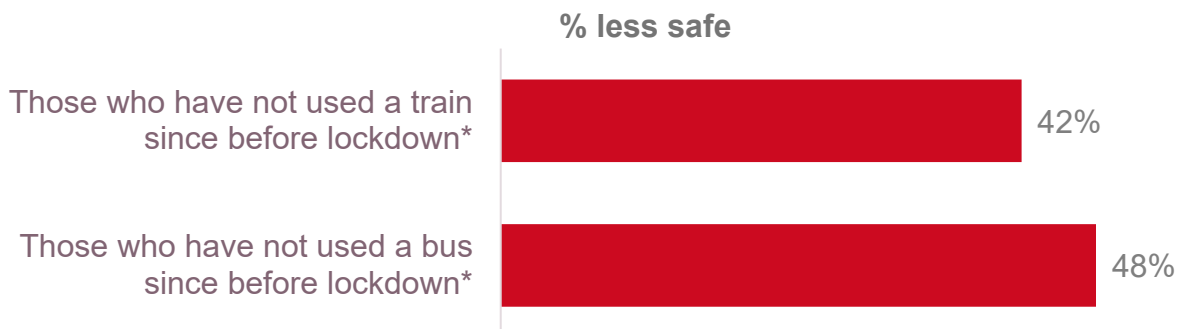

# Those who have used public transport in the last seven days are more likely than those that have not to think that it is equally or more safe than other places such as shops, restaurants or pubs

Thinking about public transport, and specifically in relation to coronavirus, which of these statements applies to you..?

*I think that using public transport is more / less / equally as safe than other places such as shops, restaurants, or pubs*

Base: All respondents (1,990), those using public transport (365), those not using public transport (1,513)

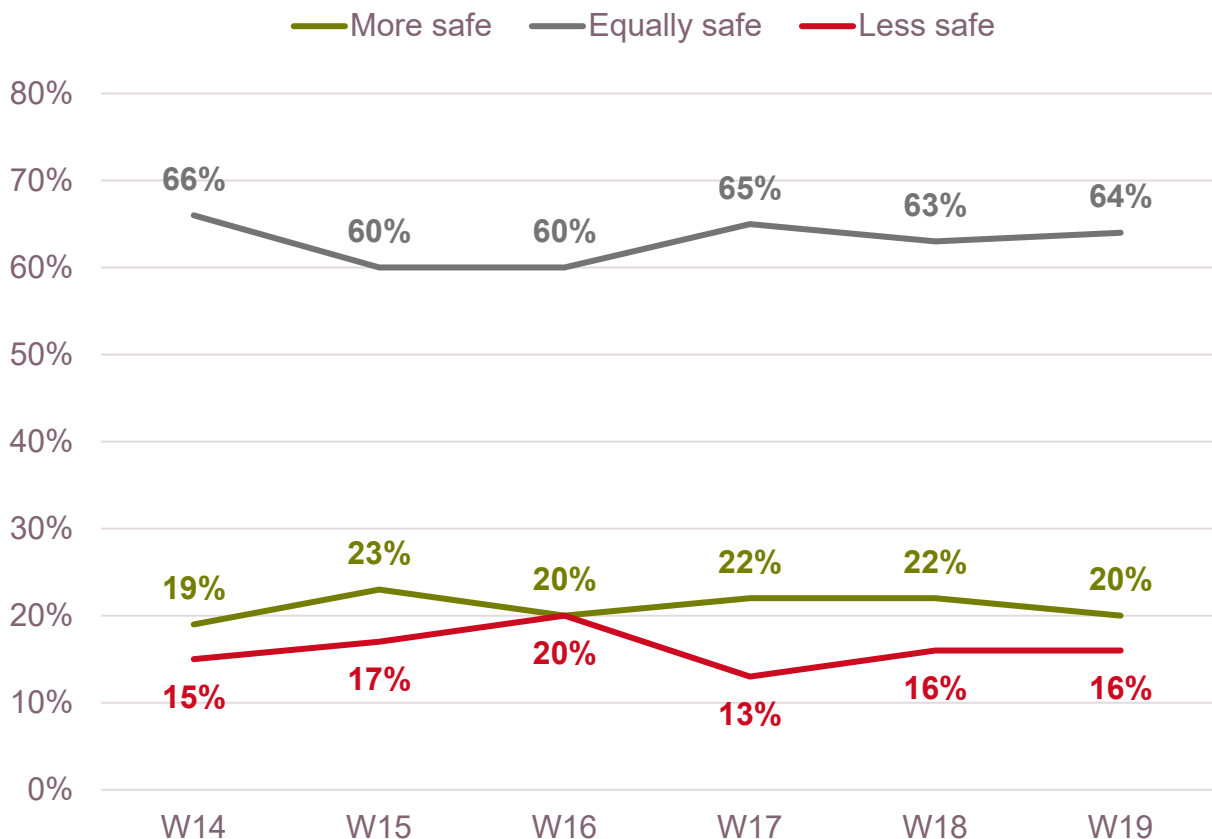

\* Denotes statistically significant difference from respondents overall

# The perceived safety of public transport as compared to shops, restaurants, pubs etc is consistent over time

Thinking about public transport, and specifically in relation to coronavirus, which of these statements applies to you..?

*I think that using public transport is more / less / equally as safe than other places such as shops, restaurants, or pubs*

Base: Those using public transport in the last seven days - 365

# Seven in ten agree that they will feel safer using public transport if passengers wear face coverings

I will feel safer using public transport with passengers wearing face coverings. Base: W19 1,795

Base excludes don't know/not applicable answers

\* Denotes statistically significant difference to respondents overall

# Two in five agree that they have few concerns around using public transport

% agree

I have few concerns about using public transport now, if I have the need to do so. Base: W19 1,793

■ Strongly agree ■ Tend to agree ■ Neither / nor ■ Tend to disagree ■ Strongly disagree

Base excludes don't know/not applicable answers.

\* Denotes statistically significant difference to respondents overall

# More than half say they expect to work from home more often in the future

W1 W2 W3 W4 W5 W6 W7 W8 W15 W16 W17 W18 W19

**I expect to work from home more often in the future.**

Base: W19 909

■ Strongly agree ■ Tend to agree ■ Neither / nor ■ Tend to disagree ■ Strongly disagree

Base excludes don't know/not applicable answers

\* Denotes statistically significant difference from respondents overall

Question dropped w9-w14

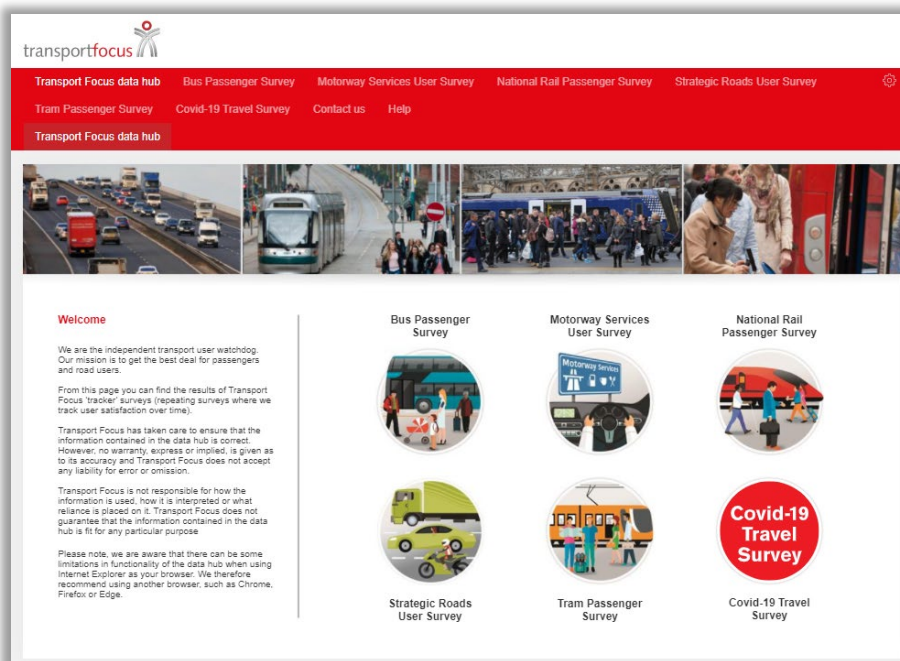

# Transport Focus Data Hub

All the results from this wave and previous waves of this research are available for your own analysis on the Transport Focus Data Hub.

The data is available for anyone to view at:

[www.transportfocus.org.uk/data-hub](http://www.transportfocus.org.uk/data-hub)

You can access the survey by clicking on 'Covid-19 Travel Survey'

## Please note:

Data from new waves of the survey is uploaded and made available on each Friday morning. The survey may be unavailable on the hub on Thursday afternoon while the upload of new data takes place.

# Survey method

- c.2000 online interviews per week. Using Populus weekly omnibus.
- Nationally representative of Great British population – not all respondents are passengers on public transport.
- Those who have provided a response are excluded from the subsequent wave of research.
- The analysis of attitudinal questions excludes responses from those who don't have an opinion, or from those who say that the question is not applicable to them.
- Repeated each week.

# Survey method

- Fieldwork dates:
  - week 1: 1-3 May 2020
  - week 2: 7-9 May 2020
  - week 3: 15-17 May 2020
  - week 4: 22-24 May 2020
  - week 5: 29-31 May 2020
  - week 6: 5-7 June 2020
  - week 7: 12-14 June 2020
  - week 8: 19-21 June 2020
  - week 9: 26-28 June 2020
  - week 10: 3-5 July 2020
  - week 11: 10-12 July 2020
  - week 12: 17-19 July 2020
  - week 13: 24-26 July 2020
  - week 14: 31 July – 2 August 2020
  - week 15: 7-9 August 2020
  - week 16: 14-16 August 2020
  - week 17: 21-23 August 2020
  - week 18: 28-30 August 2020
  - Week 19: 4-6 September 2020

# Sample breakdown
